

2009-2010
DuFief Elementary School
Suggested Student Organizational
and Personal Supply List

Montgomery County Public Schools provides to every school the classroom instructional materials and textbooks that are necessary to teach the curriculum. Local schools are permitted to request items that students will use in the classroom that will remain the personal property of each child. These items are organizational tools and personal supplies. As always, should a child not have any of the supplies listed, the school will provide those items.

Student planners will be ordered for each 4th/5th grade student and can be purchased at school for \$2.25 in August.
