

Primary Color Collages

Students reviewed texture, visual and actual texture, and did rubbings.

They then reviewed primary and secondary colors and painted their papers.

Finally, they created their collages using a variety of materials.

For our subject matter, they built their collages around the book *The Kissing Hand*, by Audrey Penn.

The Kissing Hand

by Audrey Penn

When Chester the raccoon is reluctant to go to kindergarten for the first time, his mother teaches him a secret way to remember that she loves him. We have found that this is a wonderful book to share with any child taking that first plunge into preschool or kindergarten.
