

## Sight Words

I, a, go, see, we, like, will, to, am, my

Here are some of the kindergarten objectives that we will be working on in Quarter 2:

## Math

- Count using one-to-one correspondence with whole numbers to 31 or beyond
- Create and identify sets with more, less, or an equal number of objects
- Match the appropriate number of sets with 0-10 items
- Recognize sets as having an odd or even number of objects
- Model single digit numbers in a variety of ways
- Use ordinal numbers first through fifth

## Math Vocabulary

First

Odd

Less

Second

Even

Fewer

Third

Equal

Sets

Fourth

Unequal

More

Fifth

## Reading and Language Arts

- Use social conventions when appropriate: please, thank you, excuse me
- Recognize a period and a question mark
- Use inventive spelling to convey meaning
- Differentiate letters, drawings, numerals, and words
- Recognize that written words are separated by spaces and sentences are made up of separate words
- Match oral words to printed words (one-to-one correspondence)
- Given a spoken word, produce another word that rhymes with it
- Spell first and last name
- Retell text in own words
- State if literature is fiction or non-fiction
- Make predictions using the title and the pictures
- Use drawings to represent the beginning, middle, and ending of a story
- Write independently to convey personal ideas
- Add details to drawings to convey additional meaning
