- Turn right at the next intersection of paths. There is a black trash can at the intersection.
- At the pavilion turn right on the path.
- When you reach a fork in the path, bear right. You will pass a small green electrical box on the left.
- Turn left at the next intersection next to the parking lot. Pass two light poles.
- Continue walking on the path. Turn right at the 2nd path on the right, NOT the path between the two pine trees.
- Continue past the two HUGE power line towers on the left.
- Cross Fulks Farm Road.
- Continue on the path past Village Montessori School.
- Take the first path on the left after Village Montessori. Walk downhill.
- Turn left onto the sidewalk.

- Cross entrance to CSAAC and continue down the sidewalk for about 20 feet. Turn left onto the paved path.
- Turn right and walk through tunnel #10.
- Continue straight at the four-way intersection.
- Continue on the main path that looks like an “S.”
- Turn left at the black trash can. The pond will be on your right.
- Turn right into the woods at the sign that says, “MVF Park Property.”
- Take approximately 15 steps past the sign and look to your left.
- X marks the spot. Look for two fallen trees that make an X. At the point of intersection you will see sticks gathered. Look under the sticks to find the letterbox.
