

STUDENT – PARENT ATHLETIC PARTICIPATION INFORMATION
Montgomery County Public Schools (MCPS)

Philosophy

Interscholastic athletics supplement and support the academic mission of the school system and assist students in their growth and development. Athletics assists in promoting the importance of teamwork, effort, goals, and commitment. Interscholastic athletics is highly competitive, but winning is not the primary measure of success. Sportsmanship, respect for participants, and dignity in the face of adversity are more important than the outcome of the contest. All athletes do not perform at the same level, but all can demonstrate effort, dedication, and fair play.

Sportsmanship

An important mission of the interscholastic athletics program is to teach and reinforce values relating to sportsmanship, competition, and fair play. It is expected that team personnel, parents, and spectators respect this mission by exhibiting appropriate behavior at athletic events. Countywide team and school awards are presented annually to schools whose coaches, players, and fans, demonstrate a high degree of sportsmanship.

Student Eligibility Requirements

Students must meet the following requirements to be eligible to participate. Participation of ineligible students shall result in individual and team sanctions, including forfeits for the team.

1. All participants are required to have a valid annual medical evaluation.
2. Students must submit a current *MCPS Health Inventory Form* (MCPS Form SRS-6), a *Medical Card for Athlete* (MCPS Form 560-30) and a *Student/Parent Athletics Participation Contract* before being allowed to participate in practices or contests.
3. Students selected for a team must pay the MCPS extracurricular activities (ECA) fee. Students may not participate in contests until they have paid the activities fee.
4. Students must achieve a minimum 2.0 grade point average for the most recently completed marking period, with no more than one failing grade. Academic eligibility is determined on the date report cards are issued, and remains until the next report card is issued.
5. Students must attend all of their scheduled classes in order to participate in a practice or contest on that day. If the principal or designee grants an excused absence in advance for a prescheduled activity, or an unforeseen emergency, the student may participate on that day.
6. If during the season a student has an unexcused absence, he/she may not compete in the next contest after the violation has been verified.
7. In addition to other infractions, a student may be suspended or removed from a team for unexcused absences or chronic tardiness to classes or team practices.
8. Students who are 19 years old, or older, as of August 31 of the current school year are ineligible.
9. Students may not participate in more than one interscholastic sport in one season.
10. A student may not participate when he/she is serving an in-school or out-of-school suspension. The student becomes eligible to participate on the next school day following the suspension.
11. Students must satisfy school and school system Participation Standards.
12. Students whose legal residence is outside the designated boundary of a particular school may not participate unless they have received an official transfer and an athletic waiver.
13. Students and their parents must sign the school *Student-Parent Athletic Participation Contract and Parent Permission* form.
14. Students should refer to *A Student's Guide to Rights and Responsibilities* for additional guidelines and regulations related to eligibility.

Assumption of Risk

Participation in interscholastic athletic activities often includes intense competition and poses the potential for serious, catastrophic, or life-threatening injury. Participants and parents are urged to consider that there are inherent risks and hazards associated with athletic participation. Risks vary from sport-to-sport and can occur under direct supervision and with use of proper safety equipment.

Hazing

Hazing is prohibited at all times. Hazing involves any act that subjects teammates to mental or physical discomfort, embarrassment, harassment, or ridicule. In some instances hazing constitutes a criminal act. At a minimum, hazing may lead to immediate dismissal from a team.

Communication with Coaches

Parents should not attempt to address coaches immediately after games and practices. Coaches have many post game/practice responsibilities, including supervision of players. Also, the post game/practice period is often emotionally charged, and not conducive to productive discussion. If a parent feels a need to communicate a concern, the parent should contact the coach and/or athletic director to arrange a later meeting.

Participation Standards

Participation in interscholastic athletics is a privilege. Accordingly, students must meet certain standards in order to earn the privilege of participation. At a minimum, the following standards are required of all student-athletes.

1. Exhibit public behavior that will reflect positively on the team, school, and community.
2. Exhibit responsible, respectful, and trustworthy behavior to teammates and the coach.
3. Exert efforts to maintain a high level of academic achievement.
4. Comply with all team, school, and school system rules, regulations, and policies.
5. Exhibit appropriate behavior at all team and school-related activities.
6. Attend all team functions unless ill or given prior permission to be absent by the coach.
7. Respect and comply with decisions made by the coach and athletic department.
8. Respect calls and decisions made by game officials.
9. Display good sportsmanship at all times.
10. Report to the coach any issues or developments that may affect eligibility status.

Residency

Montgomery County Public Schools (MCPS) residency regulations require that students attend specific high schools, assigned by the school system, based on their legal residence. When a student participates at a school to which he or she is not assigned, or the home address of the student is not his or her legal residence, the student is not eligible to participate unless the student has received an official transfer, based on accurate information, and has received an athletic waiver from the Director of System-wide Athletics.

Illegal Substances/Alcohol/Tobacco/Steroids/Controlled Substances

MCPS athletic regulations state that any student-athlete with verified use, distribution, or possession of alcohol, tobacco, illegal drugs, and/or controlled substances on school property or at a school-sanctioned event, shall receive a minimum ten-consecutive school day suspension from all athletic activities. Participation in athletic activities will not resume until the school day following completion of the suspension. Individual schools may adopt a more-stringent regulation or penalty than that stated above.

Permission to Participate

I/We hereby authorize and consent to our child's participation in interscholastic athletics and sports. We understand that the sport in which our child will be participating is potentially dangerous, and that physical injuries may occur to our child requiring emergency medical care and treatment. I/We assume the risk of injury to our child that may occur in an athletic activity.

In consideration of the acceptance of our child by the Montgomery County Public Schools in its athletic program, and the benefits derived by our child from participation, I/we agree to release and hold harmless the Board of Education of Montgomery County, its members, the Superintendent of Schools, the principal, all coaches, and any and all other of their agents, servants, and/or employees and agree to indemnify each of them from any claims, costs, suits, actions, judgment, and expenses arising from our child's participation in interscholastic athletics.

I/We hereby give our consent and authorize the Board of Education of Montgomery County and its agents, servants, and/or employees to consent on our behalf and on behalf of our child, to emergency medical care and treatment in the event we are unable to be notified by reasonable attempts of the need for such emergency medical care and treatment.

Each year the Board of Education makes available a Student Accident Policy at a nominal premium. This insurance is secondary to the family's own insurance. Because accidents will inevitably occur despite our best efforts to maintain a high level of safety in all student activities, this insurance coverage is recommended unless the family deems that other insurance coverage (in force) will meet the needs of the student. The Board of Education Student Accident Policy is available at the beginning and throughout the school year. The coverage may be obtained from the insurance carrier. Forms are available at the school.
