Werner Council Office Building<br>100 Maryland Avenue, 6th Floor<br>Rockville, Maryland 20850

Dear Mr. Elrich, Mr. Friedson, and Councilmembers:

We are pleased to submit the Board of Education's (Board) Fiscal Year (FY) 2025 Operating Budget Request for Montgomery County Public Schools (MCPS). This budget is the result of internal and external feedback coupled with extensive analysis of our programs and our expected outcomes.

This budget supports the Board's priorities for the next fiscal year. These include: (1) improving math and literacy rates; (2) building a safe and inclusive school climate; (3) supporting two-way communication between schools and families; and (4) improving the recruitment, retention, and distribution of a high-quality and diverse workforce.

This budget requests resources to provide a high-quality education experience for our diverse student population. The FY 2025 budget request adds important resources to the operating budget due to the expiration of federal funding provided as a result of the pandemic. This budget provides competitive salaries and benefits to recruit and retain a high-quality diverse workforce. It augments our Employee Health Benefits Trust Fund to address the increased utilization and medical claims costs. Finally, it adds funding for inflationary increases in the cost of goods and services in our school district.

The Board of Education reviewed the proposed budget and has endeavored to balance the difficult economic climate and the ending of the federal funding we received for the pandemic with feedback from our families and staff. The result is an FY 2025 budget request that focuses on future accountability and the maintenance of positions and programs essential to student success in the next school year. It is particularly important this year that MCPS is a fiscally responsible partner with the county, and we look forward to collaborating with you on the next steps.

The Honorable Marc Elrich

The Board is requesting for FY 2025 an operating budget of $\$ 3,352,898,821$ for MCPS. This is an increase of $\$ 187,891,310$, or 5.9 percent, compared to the current FY 2024 operating budget. This budget continues our focus on students, classrooms, and schools and helps preserve the excellence that makes our public schools the crown jewel of Montgomery County, ensuring that the county is a great place to live, work, and raise a family.

The MCPS tax-supported operating budget (excluding grants and enterprise funds) for FY 2025 is $\$ 3,132,082,480$, an increase of $\$ 178,082,188$, or 6.0 percent, compared to the current FY 2024 tax-supported budget. As in previous years, this budget assumes Montgomery County will continue to fund $\$ 27,200,000$ of MCPS retiree health benefits costs from the county's Consolidated Other Post-employment Benefits Trust Fund.

State law requires the county to provide, at a minimum, $\$ 1,973,901,389$ in local funding for MCPS based on the state's Maintenance of Effort law. However, the extraordinary needs we face as the largest district in Maryland continue to be great for FY 2025, and the Board's budget request seeks $\$ 184,167,006$ more than the minimum funding level required by state law.

In this FY 2025 Operating Budget request, the local contribution increases by $\$ 162,579,360$ compared to FY 2024. In addition, state aid increases by $\$ 38,117,139$. Funding from the federal government increases by $\$ 1,002,546$. Funding from various other sources including a legal settlement increases by $\$ 2,385,689$. Our enterprise and special revenue funds increase by $\$ 8,806,576$, which includes an increase of $\$ 4,400,000$ for bus camera revenue. Finally, a decrease of $\$ 25,000,000$ is reflected for the fact that the MCPS fund balance will no longer be used to fund the following year's budget. These changes total $\$ 187,891,310$ and will allow us to provide our students and families with what they need and continue to address the opportunity and access gaps that have been exacerbated by the pandemic. We must ensure that all of our students are college, career, and community ready.

While the considerable enrollment growth we experienced in the decade prior to the pandemic has not continued, the MCPS students needing specialized services continue to grow. These services include our emerging multilingual learners and special education students. The FY 2025 budget includes 35.8 full-time equivalent (FTE) positions and $\$ 784,865$ for our enrollment changes.

MCPS is adding additional space due to renovations across the district, as well as adding Grade 5 at Cabin Branch Elementary School. As a result, an increase of 20.1 FTE positions and $\$ 3,219,148$ is needed primarily for facilities maintenance and school plant operations personnel, and a small number of school-based positions.

FY 2025 will represent the second year of the two-year agreements we reached with our employee associations. The second year of the compensation changes are effective on July 1, 2024. The FY 2025 Operating Budget includes $\$ 119,484,197$ for the second year of the agreements

The Honorable Marc Elrich
The Honorable Andrew Friedson and Members of the County Council
with our associations. This amount includes $\$ 79,484,197$ for compensation-related costs of the agreements and $\$ 40,000,000$ for our Employee Benefits Trust Fund.

MCPS is experiencing cost increases for goods and services in support of our school district similar to the inflation impacts we are experiencing in our homes and daily lives. An increase of $\$ 15,547,763$ is added to the FY 2025 Operating Budget for the impact of inflation that we continue to experience across our system.

With the end of federal funding for the pandemic on September 30, 2024, it is important that we add a portion of those resources totaling 101.8 FTE positions and $\$ 33,134,859$ to the FY 2025 Operating Budget for the continuation of essential activities previously funded on the federal grants. This includes social workers, psychologists, restorative justice specialists, parent community coordinators, and other resources that support the social-emotional well-being of our students and other system requirements.

For changes due to grants, enterprise funds, and other related changes, an increase of 14.8 FTE positions and $\$ 12,045,894$ is added to the FY 2025 Operating Budget. Two changes in these resources since the Recommended Operating Budget was presented in December 2023 include $\$ 4,400,000$ in additional bus camera revenue that is passed through to the county, and 7.0 FTE positions and $\$ 1,185,689$ from the legal settlement with Juul Labs that will be used for education and prevention measures and enhanced security in our schools.

The FY 2025 Operating Budget request includes 11.0 FTE positions and $\$ 4,624,516$ in accelerators for key bodies of work in MCPS. This includes funding for purchasing and repairing musical equipment for our economically disadvantaged students, funding for literacy assessments, and additional staff for the Department of Compliance and Investigations and for the Office of School Support and Well-Being.

In response to mandates from the Blueprint for Maryland's Future legislation, this budget adds 100.0 FTE positions and $\$ 8,198,742$ to expand our prekindergarten program and our Preschool Education Program with additional full-day seats. These resources include the cost of instructional materials and student transportation.

Finally, to keep this budget fiscally responsible, the FY 2025 Operating Budget request includes net reductions of 67.7 FTE positions and $\$ 13,049,261$ in central services in MCPS. In addition, following both program analysis and community input, the Board has decided to return the school year calendar of Roscoe R. Nix Elementary School to a traditional school year in place of an extended school year. This change will result in reallocation of $\$ 997,077$ beginning in FY 2025.

As in the past, this FY 2025 operating budget request was developed through a variety of collaborations. The Board held three public operating budget hearings on January 18, 25, and February 20, 2024, and heard testimony from more than 130 individuals. The Board held three

work sessions on the operating budget on January 16, 23, and 30, 2024. Additionally, five Budget Advisory Committee meetings and five Community Forums, including one with members of student government, were held on the MCPS operating budget. Board members spent a great number of hours analyzing the budget and submitted a number of formal questions to MCPS staff which led to the Board's tentatively adopted budget request on February 22, 2024.

The Board of Education looks forward to working with you in the coming weeks and months to fund an operating budget for MCPS for FY 2025 that meets the needs of all our students.

Sincerely,

Karla Silvestre, President Board of Education

#### Abstract

AMENDED MEMORANDUM To: Members of the Board of Education From: Monique T. Felder, Interim Superintendent of Schools Subject: Tentative Adoption of the Fiscal Year 2025 Operating Budget

## Executive Summary

On January 18 and January 25, 2024, the Board of Education (Board) held two public hearings on the Superintendent's Recommended Fiscal Year (FY) 2025 Operating Budget. In addition, on February 20, 2024, the Board held a public hearing on three programs being considered for modification or elimination: Montgomery Virtual Academy, Innovative Schools Initiative, and the Leader in Me program. On January 16, 23, and 30, 2024, the Board held three work sessions on the recommended Operating Budget for Montgomery County Public Schools (MCPS). Today, I am submitting to the Board an amended Recommended FY 2025 Operating Budget totaling $\$ 3,352,945,678$ for MCPS. This is an increase of $\$ 187,938,167$ or 5.9 percent, compared to the current FY 2024 budget. The FY 2025 tax-supported budget (excluding grants and enterprise funds) is $\$ 3,132,129,337$, an increase of $\$ 178,129,045$ or 6.0 percent compared to the current FY 2024 tax-supported budget. The amended FY 2025 Operating Budget of $\$ 3,352,945,678$ is an increase of $\$ 30,641,947$ compared to the $\$ 3,322,303,731$ funding level for FY 2025 that was recommended to the Board on December 20, 2023.

When the Recommended FY 2025 Operating Budget for MCPS was presented to the community on December 14, 2023, we were uncertain of the funding that would be included in the governor's FY 2025 state budget for MCPS. This Recommended FY 2025 Operating Budget, as amended, includes a revenue adjustment of an additional $\$ 30,641,947$ compared to what was included in the initial recommended budget. Most of this revenue increase is the result of Governor Wes Moore's inclusion of a 5.3 percent increase statewide for Grades $\mathrm{K}-12$ education in his state budget.

On the expenditure side of the budget, my amended Recommended FY 2025 Operating Budget reflects an increase of $\$ 30,641,947$ in funding (the same as the revenue increase) and 32.3 full-time equivalent (FTE) positions compared to the original recommended budget.

Following is a summary chart that reflects the revisions to the Recommended FY 2025 Operating Budget as amended.

The details of the revisions to the Recommended FY 2025 Operating Budget submitted to the Board on December 20, 2023, follow:

## Revenue

## State Revenue

On January 17, 2024, Governor Wes Moore submitted his FY 2025 state budget to the Maryland General Assembly, and we received preliminary state aid amounts by category from the Maryland State Department of Education. A total of $\$ 971,380,300$ in state revenue is anticipated for MCPS in FY 2025. This is an increase of $\$ 38,117,139$ ( 4.1 percent) compared to the current FY 2024 budget. The recommended FY 2025 budget had included an estimate of $\$ 943,263,161$ in state revenue, an increase of $\$ 10,000,000$.

It is always difficult to predict in advance with much accuracy in the recommended budget the amount of state aid MCPS will receive because the formulas are not only based on governor initiatives but also on our student enrollment compared to other local education agencies (LEAs) in the state and our county's wealth relative to the rest of the counties in the state along with the City of Baltimore.

The MCPS eligible student enrollment used to calculate state aid for public schools reflected a decrease of 0.7 percent as of September 30, 2023. This placed MCPS 19th of 24 districts in terms of the change in student enrollment.

The following is a summary of the major state revenue amounts by category of aid in FY 2025 for MCPS.

Foundation Grant: The FY 2025 state aid allocations provide $\$ 426,200,692$ for the Foundation Grant, an increase of $\$ 10,428,339$ compared to the amount in the current FY 2024 budget. This grant is distributed on the basis of enrollment and wealth relative to the rest of the state and a per-pupil amount established in law. The Foundation Grant is the largest source of state aid for LEAs. The amount for
the Foundation Grant for MCPS increased by 2.5 percent from FY 2024 to FY 2025. Comparable Wage Index (CWI): The FY 2025 state aid allocations provide $\$ 34,667,164$ for the CWI, the replacement for the Geographic Cost of Education Index. This is an increase of \$848,241 compared to the amount in the current FY 2024 budget. The CWI is designed to provide additional funding to school districts for dealing with the high cost of educating students in certain counties like Montgomery County. This is an increase of 2.5 percent for MCPS compared to FY 2025.

English Learners: The FY 2025 state aid allocations provide $\$ 113,697,716$, an increase of $\$ 9,129,516$ compared to the current FY 2024 budget based on the number of students receiving English learner services. This is an 8.7 percent increase for MCPS compared to FY 2024.

Compensatory Education: The FY 2025 state aid allocations provide $\$ 202,027,881$, an increase of $\$ 1,408,931$ compared to the current FY 2024 budget for compensatory education revenue related to the number of students who are economically disadvantaged in the district. This is a 0.7 percent increase for MCPS compared to FY 2024.

Students with Disabilities-Formula: The FY 2025 state aid allocations provide $\$ 79,043,364$, an increase of $\$ 10,658,403$ compared to the amount in the current FY 2024 budget to support students with disabilities. This is an increase of 15.6 percent for MCPS compared to FY 2024.

Students with Disabilities-Reimbursement: Working with the MCPS Office of Special Education, the recommended FY 2025 operating budget included estimated revenue totaling \$19,050,700 for funding that MCPS receives from the state for supporting students placed in nonpublic special education schools. This is the same amount as FY 2024.

Transportation: The FY 2025 state aid allocations provide $\$ 56,359,656$, an increase of $\$ 791,343$ compared to the amount in the current FY 2024 budget, for the transportation of students to and from school as well as aid for transporting students with disabilities. This is an increase of 1.4 percent for MCPS compared to FY 2024.

The Blueprint for Maryland's Future: The FY 2025 state aid allocations include $\$ 39,041,290$ in both restricted and unrestricted state aid in support of programs funded from the Blueprint for Maryland's Future (Blueprint) legislation. This is an increase of $\$ 4,852,366$ compared to the $\$ 34,188,924$ that MCPS has been allocated in the current FY 2024 budget for these Blueprint programs. In the governor's FY 2025 state budget, MCPS is slated to receive $\$ 253$ per student in Blueprint funding placing MCPS 20th of the 24 LEAs in terms of Blueprint funding per student. Last year, MCPS was ranked 19th in Blueprint funding per student.

This $\$ 39,041,290$ in Blueprint funding for FY 2025 includes the following: Concentration of Poverty, $\$ 17,894,482$ (increase of $\$ 7,203,980$ ); National Board-Certified teacher salaries, $\$ 1,797,504$ (decrease of $\$ 138,804$ ); prekindergarten, $\$ 7,340,157$ (increase of $\$ 1,744,453$ ); transitional supplemental instruction, $\$ 3,253,462$ (decrease of $\$ 1,763,619$ ); college and career readiness, $\$ 2,199,852$ (decrease of $\$ 1,036,732$ ); and transition grant, $\$ 6,555,833$ (decrease of $\$ 1,156,912$ ).

## Local Revenue

Based on revenue and expenditure adjustments, a decrease of $\$ 3,060,881$ in the local contribution is reflected in this amended budget compared to the December 2023 budget recommendation. The total amount in the amended budget for FY 2025 from local revenue is $\$ 2,158,115,252$, an increase of $\$ 162,626,217$ compared to the current FY 2024 budget. The amount of local funding for FY 2025 over the minimum amount required by the state's Maintenance of Effort law is $\$ 184,213,863$.

## MCPS Fund Balance

The Recommended FY 2025 Operating Budget in December 2023 reflected no use of fund balance from FY 2024 to fund the FY 2025 Operating Budget. This approach is being used for the first time in more than two decades and is consistent with County Council policy that agencies, such as MCPS, should not budget for carryover funding in their operating budgets.

## Revenue from Other Sources

The budgeted revenue from other sources is being increased by $\$ 1,185,689$ for FY 2025 due to the legal settlement with Juul Labs, the e-cigarette manufacturer. Education and prevention measures and enhanced security in schools related to this additional revenue are reflected in the following expenditure adjustments section.

## Entrepreneurial Activities Fund

The anticipated revenue for this fund is $\$ 4,400,000$ more than the December 2023 budget. This is because the county has increased its estimate for bus camera revenue during FY 2025 by this amount. It is important to note that this funding is a pass through to the county and does not impact MCPS operations.

## Expenditure Adjustments

This Recommended FY 2025 Operating Budget as amended includes an expenditure increase of $\$ 30,641,947$, the same amount as the revenue increase described earlier. This increase in expenditures is the result of the following changes.

## Additional Funding Added to the Employee Benefits Trust Fund

The Recommended FY 2025 Operating Budget had included an increase of $\$ 20,000,000$ for the Employee Benefits Trust Fund as the cost of and number of health care claims submitted continues to increase. This funding is needed to bolster the financial condition of the plan, i.e., the bottom line of revenue and expenditures. We knew at the time that this was an initial down payment on supporting the financial condition of the trust fund. Since the recommended budget was submitted in December 2023, and following discussion with our health care consultant, Aon, as well as our analysis, an additional $\$ 20,000,000$ needs to be added to the trust fund for FY 2025, bringing the total increase to $\$ 40,000,000$ for the next fiscal year. This funding increase will improve the financial condition of the trust fund.

## Blueprint for Maryland's Future/Concentration of Poverty Grant for Community Schools

Since FY 2020, MCPS has received a Concentration of Poverty grant from the state to support personnel and wrap around services at Community Schools. A net increase of $\$ 4,897,664$ is being added in expenditures for FY 2025, mostly attributed to the restricted Concentration of Poverty grant in response to the Blueprint legislation. This restricted grant provides funding to support our Community Schools. A total of 32.5 FTEs will be added in FY 2025 from this additional grant funding. This increase in positions includes 19 community school liaison specialists, 6 (10-month) parent community coordinators, 3.5 wellness trainers, 3 instructional specialists, and 1 administrative support position.

## Education and Prevention Efforts Against Vaping

A total of $\$ 1,185,689$ is being added to the amended FY 2025 Operating Budget to support education and prevention on the use of e-cigarettes and increased security in middle and high schools. This includes $\$ 100,000$ for educational efforts towards prevention, $\$ 250,000$ for recurring and maintenance costs of vape detectors, $\$ 445,652$ for the hiring of seven security assistants including four at high schools, three at middle schools, and $\$ 390,037$ for temporary part-time security costs.

Restoration of Position that Was Eliminated in the Recommended FY 2025 Operating Budget
One instructional specialist position and $\$ 158,594$ is being added in this FY 2025 amended budget for Emerging Multilingual Learners. Following public testimony on the Recommended FY 2025 Operating Budget, it was determined that this position should be restored.

## Bus Camera Revenue Passed Through to Montgomery County

Revenue is received for violations related to drivers illegally passing MCPS school buses when stopped to pick up or discharge students. The county recently has increased this estimate for FY 2025 by an additional $\$ 4,400,000$. Because these cameras are on MCPS school buses, the revenue is reflected in the MCPS Operating Budget. Passing this revenue onto the county results in a corresponding expenditure for the MCPS Operating Budget. It should be noted that MCPS receives no direct benefit from this revenue/expenditure pass through with the county.

## Conclusion

The amended FY 2025 Operating Budget that I am recommending to the Board of Education for its tentative adoption is the result of extensive internal and external feedback on the operating budget, both before and after the budget was submitted on December 20, 2023. This budget continues to be centered on our core purpose of preparing all students to thrive in their future and graduate with deep academic knowledge and preparation for the complex world and workplace of tomorrow. This overall increase in funding is needed to provide a high-quality education for our diverse student population, continuing our recovery from the impact of the COVID-19 health pandemic, preparing for the end of the COVID19 health pandemic funding from the federal government, providing competitive salaries and benefits for our employees, augmenting our health benefits trust fund, and adding funding for inflationary cost increases. I look forward to working with the Board members on this FY 2025 Operating Budget for MCPS to improve equitable teaching and learning for each and every one of our students.

# Montgomery County Public Schools FY 2025 Operating Budget <br> <br> Summary of Negotiations 

 <br> <br> Summary of Negotiations}

The bargaining units for MCPS are the Montgomery County Education Association (MCEA), representing certificated non-administrative employees; Service Employees International Union (SEIU) Local 500, representing supporting services employees; and the Montgomery County Association of Administrators and Principals/Montgomery County Business and Operations Administrators (MCAAP/MCBOA), representing certificated and non-certificated administrators and non-certificated supervisory employees in separate units. The MCAAP and MCBOA units are covered in a single contract.

In May 2023, negotiations with the three employee associations were completed and ratified, and the contracts were approved by the Board of Education on June 6, 2023. The agreements addressed salary and wage increases for employees for Fiscal Years (FY) 2024 and 2025. The two-year agreements reflect the school system's commitment to ensuring MCPS can hire and retain a talented and highly qualified workforce.

Key highlights of the agreements for FY 2025 effective July 1, 2024, are as follows:

## Agreement between MCAAP/MCBOA and MCPS:

1. Two steps will be added to the MCAAP/MCBOA salary scales
a. MCAAP scale will be extended to include steps 11 and 12
b. MCBOA scale will be extended to include steps 13 and 14
2. All eligible employees will receive scheduled step increases

## Agreement between MCEA and MCPS:

1. Salary scale for 10 -month employees will increase by $\$ 2,918$
2. Salary scale for 12 -month employees will increase by $\$ 3,428$; which is equal to 117.5 percent of the salary for which those employees would qualify if employed in 10-month positions
3. All eligible employees will receive scheduled step increases

## Agreement between SEIU and MCPS:

1. Salary scale will increase by 3.0 percent
2. All eligible employees will receive scheduled step increases

The Code of Maryland Regulations (COMAR) requires each local school system to submit an annual special education staffing plan to the Maryland State Department of Education (MSDE). The plan must demonstrate public input and be approved by the local Board of Education prior to its submission to MSDE. The locally approved staffing plan is submitted to MSDE annually by July 1 with the local application for federal funds. MSDE reviews the staffing plan and advises the local agency if there is a need for additional information or revisions. If revisions are required, the local agency must submit the revised staffing plan by September 30. The required elements of the staffing plan include the following:

- Evidence of public input
- Evidence of maintenance of effort within the meaning of 34 CFR $\$ 300.231$, Maintenance of Effort, and COMAR 13A.02.05, Maintenance of Effort
- Staffing patterns of service providers of special education and related services
- The number and type of service providers needed to provide a free, appropriate public education (FAPE) for each student in the least restrictive environment (LRE)
- Local accountability and monitoring
- Evaluation of the local staffing plan for effectiveness
- Strategies to resolve concerns over staffing plans
- Evaluation of the local staffing plan for effectiveness
- Steps to secure public input in the development of the staffing plan
- Information on how the public agency will use the staffing plan to monitor the assignment of staff to ensure that personnel and other resources are available to provide FAPE to each student with a disability in the LRE.

The following resolution is recommended for your consideration:

## State Budget Categories and Special Revenue Funds

## CATEGORIES

State law requires all counties and Baltimore City to appropriate and record expenditures for education in accordance with standardized state budget categories. This is so the Maryland State Department of Education may collect and compare data on local education spending from across the state. These state budget categories are based generally on broad functional classifications such as administration, instructional costs, special education, and student transportation.

Additionally, there also are special revenue and enterprise funds that generate/receive outside revenue which defrays the system cost.

Below are summaries of the types of expenditures in each of the state categories of expenditure and the percent of each category to the total operating budget.

## Category 1—Administration (2.2 percent)

Administration includes activities associated with the general direction and control of the school district and includes such activities as establishing and administering policy, providing fiscal and business services, central information systems, and supporting each of the other instructional and supporting services programs. Administration includes expenditures for the Board of Education, executive staff units, evaluation and supporting services, administrators, supervisors, and human resources. These expenditures affect the district as a whole and are not confined to a single school building.

## Category 2-Mid-level Administration (5.8 percent)

Mid-level Administration includes supervision of districtwide and school-level instructional programs and activities. It includes all school-based administration, including the office of the principal. Mid-level Administration includes school business and clerical activities, graduation expenses, curriculum development, supervision of guidance and psychological services, supervision of career and technology programs, and educational media services. Mid-level Administration also includes central district school support and improvement activities.

## Category 3-Instructional Salaries ( 38.3 percent)

It includes most activities that occur on a regular basis at the school level or for the benefit of the instructional program. Instructional Salaries includes all salary expenditures for providing these activities, including salaries for teachers, paraeducators, school aides, teaching specialists, resource teachers, psychologists, school counselors, media staff, part-time salaries, substitutes, and stipends but does not include employee benefits. Salaries for staff involved in professional development activities also are included in this category.

## Category 4-Textbooks and Instructional Supplies (1.1 percent)

Textbooks and Instructional Supplies includes all supplies and materials used in support of instruction. This category includes books, media materials, computer materials, art and music supplies, science and laboratory supplies, and physical education supplies. This category also includes supplies used for extracurricular activities.

## Category 5-Other Instructional Costs (1.2 percent)

Other Instructional Costs includes all other expenditures for instruction, including contractual services, contractual copier maintenance, reimbursement for out-of-county tuition, consultants, equipment, school furniture, local travel, facilities rental, and miscellaneous expenditures related to instruction.

## Category 6-Special Education (13.5 percent)

Special Education includes instructional activities for students with disabilities. Special education includes expenditures for students in public schools and for tuition and other expenditures for students in nonpublic institutions. This category includes instructional salaries, textbooks and instructional supplies, and other instructional costs for special education students. This category also includes administrative expenditures for schools dedicated to special education and professional development activities related to special education instruction.

## Category 7-Student Personnel Services ( 0.7 percent)

## MCPS NONDISCRIMINATION STATEMENT

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, nationality, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family structure/ parental status, marital status, age, ability (cognitive, social/emotional, and physical), poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community's long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. The Board prohibits the use of language and/or the display of images and symbols that promote hate and can be reasonably expected to cause substantial disruption to school or district operations or activities. For more information, please review Montgomery County Board of Education Policy ACA, Nondiscrimination, Equity, and Cultural Proficiency. This Policy affirms the Board's belief that each and every student matters, and in particular, that educational outcomes should never be predictable by any individual's actual or perceived personal characteristics. The Policy also recognizes that equity requires proactive steps to identify and redress implicit biases, practices that have an unjustified disparate impact, and structural and institutional barriers that impede equality of educational or employment opportunities. MCPS also provides equal access to the Boy/Girl Scouts and other designated youth groups.**
