 <br> <br> Summary of Negotiations}

The bargaining units for MCPS are the Montgomery County Education Association (MCEA), representing certificated non-administrative employees; Service Employees International Union (SEIU) Local 500, representing supporting services employees; and the Montgomery County Association of Administrators and Principals/Montgomery County Business and Operations Administrators (MCAAP/MCBOA), representing certificated and non-certificated administrators and non-certificated supervisory employees in separate units. The MCAAP and MCBOA units are covered in a single contract.

In May 2023, negotiations with the three employee associations were completed and ratified, and the contracts were approved by the Board of Education on June 6, 2023. The agreements addressed salary and wage increases for employees for Fiscal Years (FY) 2024 and 2025. The two-year agreements reflect the school system's commitment to ensuring MCPS can hire and retain a talented and highly qualified workforce.

Key highlights of the agreements for FY 2025 effective July 1, 2024, are as follows:

## Agreement between MCAAP/MCBOA and MCPS:

1. Two steps will be added to the MCAAP/MCBOA salary scales
a. MCAAP scale will be extended to include steps 11 and 12
b. MCBOA scale will be extended to include steps 13 and 14
2. All eligible employees will receive scheduled step increases

## Agreement between MCEA and MCPS:

1. Salary scale for 10 -month employees will increase by $\$ 2,918$
2. Salary scale for 12 -month employees will increase by $\$ 3,428$; which is equal to 117.5 percent of the salary for which those employees would qualify if employed in 10-month positions
3. All eligible employees will receive scheduled step increases

## Agreement between SEIU and MCPS:

1. Salary scale will increase by 3.0 percent
2. All eligible employees will receive scheduled step increases

## MEMORANDUM

To: Members of the Board of Education
From: Monique T. Felder, Interim Superintendentoschoots Sildee
Subject: Final Adoption of the Fiscal Year 2025 Operating Budget

## Executive Summary

On May 23, 2024, the County Council approved the Montgomery County Public Schools (MCPS) Operating Budget appropriation for Fiscal Year (FY) 2025. The County Council approved a total of $\$ 3,322,306,526$ for MCPS. This is an increase of $\$ 147,299,015$ (4.6 percent) more than the current FY 2024 Operating Budget of $\$ 3,175,007,511$. The County Council's action on the overall FY 2025 Operating Budget for MCPS provided a net decrease of \$30,592,295 compared to the Board of Education's (Board) FY 2025 tentatively adopted budget approved on February 22, 2024 (Resolution No. 65-24).

The total local contribution of $\$ 2,128,642,338$ approved by the County Council is an increase of $\$ 123,153,303$ compared with the current FY 2024 local contribution. This local contribution amount is $\$ 159,082,646$ greater than the minimum amount of $\$ 1,969,559,692$ required by the state's Maintenance of Effort law. As required by state law, the County Council approved the MCPS appropriation by individual state category in its action in passing the budget. The FY 2025 tax-supported budget is $\$ 3,105,889,411$, an increase of $\$ 141,889,119$ (4.8 percent) compared to the current FY 2024 tax-supported budget of $\$ 2,964,000,292$.

## Budget Development Process

The Board engaged in a formal and public process in developing the FY 2025 Operating Budget for MCPS. This budget continues our focus on students, classrooms, and schools. It provides the funding needed to address the impact the COVID-19 health pandemic has had on our students and staff, their teaching and learning, social-emotional well-being, and school safety and security.

The development of the FY 2025 Operating Budget for MCPS continued to involve students, parents and guardians, MCPS staff, residents, and other community stakeholders. Senior MCPS leadership and staff members also played important roles throughout the FY 2025 budget process.

As in past years, leadership from each of the employee associations, the Montgomery County Association of Administrators and Principals, the Montgomery County Education Association, the Service Employees International Union Local 500, leaders of the Montgomery County Council of Parent Teacher Associations (MCCPTA), Inc., and representatives of the African American Student Achievement Action Group and the Latino Student Achievement Action Group, the Asian Pacific American Student Achievement Action Group, the National Association for the Advancement of Colored People, the Black and Brown Coalition, the MCCPTA's, Gifted Child Committee, and the Special Education Advisory Committee were a part of the Superintendent's Budget Advisory Committee. Similar to last year, there were ten current MCPS students on the committee. I am grateful to have had input from a group representing broad interests in Montgomery County in developing the MCPS FY 2025 Operating Budget.

The Board heard testimony from Parent Teacher Association representatives and many other stakeholders at two public hearings held on January 18 and January 25, 2024. The Board also held a public hearing on February 20, 2024, on three programs being considered for modification or elimination including the Montgomery Virtual Academy, the Innovative Schools Initiative, and the Leader in Me program. Board members asked a variety of questions of staff during the public hearings and at three work sessions specifically held on the MCPS Operating Budget on January 16, 23, and 30, 2024.

## Background

At its meeting on February 22, 2024, the Board tentatively adopted its FY 2025 Operating Budget totaling $\$ 3,352,898,821$, or $\$ 187,891,310$ more than the current FY 2024 budget at the time of the tentative adoption. The Board's budget request reflected a local contribution of $\$ 2,158,068,395$, an increase of $\$ 162,579,360$ from the local contribution in FY 2024.

Attachment A is a summary table that compares the changes by state category from the Board's FY 2025 budget request to the County Council's action, and then to the Board's action to adopt the FY 2025 budget. Attachment B is a summary of the changes in the total and tax-supported FY 2025 Operating Budget compared with FY 2024. Attachment C is a schedule of detailed changes in the County Council's appropriation and the Board's adoption by state category compared to the Board's FY 2025 tentatively adopted budget on February 22, 2024.

## County Council Approved Budget

Following is a summary table of the MCPS FY 2025 Operating Budget and the changes between the Board's budget request and the County Council's budget request, with the current FY 2024 budget.

## County Executive Recommendation

On March 14, 2024, the county executive recommended to the County Council a total budget of $\$ 3,292,806,526$ for MCPS in FY 2025, which was $\$ 60,092,295$ less than what the Board tentatively had adopted. However, the county executive's recommendation reduced its estimate for bus camera fines by $\$ 4,400,000$, so the actual difference with the Board's budget request was $\$ 55,692,295$ less in the recommended local contribution. This recommendation is an increase of $\$ 127,799,015$ more than the current FY 2024 budget.

A summary of the revenue and expenditure changes included in the County Council's action on the MCPS FY 2025 Operating Budget follows.

## Revenues

Local Contribution: The FY 2025 Operating Budget appropriated by the County Council for MCPS includes a local contribution of $\$ 2,128,642,338$, an increase of $\$ 123,153,303$ more than the current FY 2024 local contribution of $\$ 2,005,489,035$ (including the $\$ 10,000,000$ that the County Council provided on May 10, 2024, from one-time reserves for the MCPS Health Benefits Trust Fund). This local contribution for FY 2025 is $\$ 159,082,646$ more than the minimum level of $\$ 1,969,559,692$ required by the state's Maintenance of Effort law.

In addition, the County Council agreed with the county executive's recommendation to continue providing $\$ 27,200,000$ from the county's Consolidated Other Post-employment Benefits Trust Fund to fund a portion of current MCPS retiree health benefits expenditures in FY 2024.

State Aid: Based on action by the Maryland General Assembly, the total state revenue for MCPS for FY 2025 is $\$ 971,613,288$. This is $\$ 38,350,127$ (4.1 percent) more than the $\$ 933,263,161$ of state revenue provided in FY 2024. The majority of this funding comes from the Bridge
to Excellence legislation and other forms of state aid including aid for students with disabilities and student transportation. The other major component of state aid comes from the Blueprint for Maryland's Future legislation.

On May 13, 2024, MCPS received updated and final state aid amounts for FY 2025 from the Maryland State Department of Education. The amounts reflect final formula calculations as a result of the governor's amended state operating budget and the FY 2025 appropriation passed by the Maryland General Assembly. These increased state aid amounts from the Board's FY 2025 Operating Budget request total $\$ 232,988$ for additional Concentration of Poverty funding used for community schools and funding to support the cost of the Blueprint for Maryland's Future coordinator position.

Federal Aid: The estimate for federal aid totals $\$ 112,833,603$ for FY 2025. This is an increase of $\$ 1,002,546$ more than the current amount for FY 2024 and the same amount reflected in the Board's FY 2025 Tentatively Adopted Operating Budget. The majority of the adjustment in funding for the next fiscal year is related to the increased amounts anticipated for Head Start funding, the Medical Assistance Program, and the Carl D. Perkins Career and Technical Education Improvement grant.

Revenue from Other Sources: The amount of revenue MCPS is expected to receive in FY 2025 from a variety of other sources totals $\$ 18,176,826$. This is an increase of $\$ 5,385,689$ more than the current FY 2024 Operating Budget. This total amount is $\$ 3,000,000$ more than the Board's FY 2025 Operating Budget request as a result of additional anticipated interest revenue that MCPS generates due to its investment strategies. The vast majority of this funding from other sources, or $\$ 11,531,204$ is revenue that is budgeted to come from programs funded through small unbudgeted grants, commonly known as the Provision for Future Supported Projects.

Enterprise and Special Revenue Funds: The MCPS Enterprise Fund totals $\$ 91,040,471$ for FY 2025, which is $\$ 4,407,350$ more than the current FY 2024 Operating Budget. This includes an increase of $\$ 4,240,134$ for the School Food Service Fund, an increase of $\$ 82,010$ for the Real Estate Management Fund, an increase of $\$ 124,298$ for the Field Trip Fund, an increase of $\$ 60,994$ for the Entrepreneurial Activities Fund, and a decrease of $\$ 100,086$ for the Instructional Television Special Revenue Fund.

In the FY 2024 Adopted Operating Budget, the amount for the Enterprise Fund is reduced from the Board's FY 2025 Tentatively Adopted Budget to account for an estimated $\$ 4,400,000$ revenue increase in school bus camera fines that the county had instructed us to include in the Board's FY 2025 request. Subsequently, the county lowered the projected revenue for bus camera fines by the same $\$ 4,400,000$. MCPS collects these bus camera fines and the funding is passed through to the county. In addition, the estimate for the Instructional Television Special Revenue Fund has been increased by $\$ 774$ from the Board's FY 2025 Tentatively Adopted Operating budget for a revised total of $\$ 1,581,200$.

## Expenditures

The FY 2025 Operating Budget for MCPS approved by the County Council totals $\$ 3,322,306,526$ in expenditures. This amount is $\$ 30,592,295$ less than the Board had tentatively adopted for FY 2025. Based on the County Council's action on the FY 2025 Operating Budget, MCPS must identify net expenditure savings of $\$ 30,592,295$ for the next fiscal year.

The following is an explanation of the changes in expenditures totaling - 317.1 full-time equivalent (FTE) positions and $-\$ 30,592,295$ million from the Board's FY 2025 Tentatively Adopted Operating Budget as a result of the County Council's appropriation action.

## Additional Reductions to the MCPS Central Service Supports

Previously, the Board's FY 2025 Tentatively Adopted Operating Budget approved February 22, 2024, included reductions totaling $\$ 14,158,075$ and 56.6 FTE positions to the MCPS central service supports. As a result of the County Council appropriation, it is necessary to reflect further reductions in MCPS central service supports totaling $\$ 3,446,994$ million and 20.0 FTE positions for FY 2025. In total, MCPS central service supports reductions total $\$ 17,605,069$ and 76.6 FTE positions for the next fiscal year.

The additional reductions necessary in MCPS central service supports as a result of the FY 2025 appropriation include the following:

- The Office of the Deputy Superintendent is being abolished along with the vacant deputy superintendent position and one position in the office.
- The Office of the Chief of Staff is being reduced by two positions.
- The Office of the School System Medical Officer is being abolished eliminating six positions.
- Other personnel-related reductions across the MCPS central service supports include three coordinators, two supervisors, one team leader, two program managers, one instructional specialist, and one parent community coordinator.

Even with these position reductions, the work of MCPS central service supports will continue and be spread among other staff; however, we may experience a delay in services provided.

## Increase Class Size Guidelines by One Student

The FY 2025 Operating Budget appropriation requires us to implement an increase in class size guidelines of one student at each grade level across the district. This will reduce the budget by 122.7 FTE positions and $\$ 10,114,721$. We expect to be able to absorb a number of these reductions through retirements and other vacancies.

## Delay Prekindergarten Expansion in FY 2025

The Board's FY 2025 Operating Budget request included 100.0 FTE positions and $\$ 8,198,742$ to expand prekindergarten seats across MCPS. It also would provide additional teachers, paraeducators, and speech pathologists for the Preschool Education Program. As a result of the FY 2025 Operating Budget appropriation, it is necessary to delay the majority of this expansion beyond FY 2025 resulting in savings of 94.8 FTE positions and $\$ 7,525,171$. The portion of the prekindergarten increase related to Stonegate Elementary School totaling 5.2 FTE positions and $\$ 673,571$ is being funded in FY 2025; this elementary school received a grant in FY 2024 that necessitated that it be funded by the operating budget in FY 2025.

## Reduce Staff Development Teachers in Middle Schools and High Schools

In order to address the reduction in the Board's Tentatively Adopted FY 2025 Operating Budget based on the FY 2025 appropriation, it is necessary to reduce staff development teachers in both middle schools and high schools by a 0.4 FTE position resulting in savings of 26.4 FTE positions and $\$ 2,260,878$. There are no reductions to allocations of staff development teachers for elementary schools.

## Eliminate the Montgomery Virtual Academy

The FY 2025 Operating Budget appropriation necessitates MCPS to eliminate the Montgomery Virtual Academy (MVA) starting with the 2024-2025 school year. This will reduce 53.2 FTE positions and $\$ 5,049,921$ for next year's operating budget. The MVA was established as a continuation of the virtual learning experience resulting from the COVID-19 health pandemic. Since its inception, the number of students participating in the MVA has decreased; moreover, both attendance and graduation rates for the MVA significantly are less than that of the overall district. Given this data and the reduced budget for FY 2025, the MVA will cease operating following the 2023-2024 school year. Students with medical conditions still will have the option of Interim Instructional Services in FY 2025.

## Reduce the Amount of Contractual Services Across the School District

It is necessary to reduce contractual services across MCPS by a total of $\$ 3,162,834$ based on the FY 2025 appropriation. As background, it should be noted that the Board's FY 2025 budget request had included $\$ 100,291,283$ ( 3.0 percent of the total operating budget) for contractual services used across the school district for academics, student services, and operations. These contractual services are funded by a combination of state and local funding, federal grants, and enterprise funds. A large component of the requested change of $\$ 20,161,347$ in the Board's FY 2025 Tentatively Adopted Operating Budget was due to inflation the school district is facing similar to what is being experienced across the nation.

This reduction in contractual services of $\$ 3,162,834$ will be taken in academics, operations, and technology. The reduction in academics will impact science, technology, engineering, and mathematics opportunities, as well as tutoring services for students. In the operating area,
the reduction will impact training opportunities, equipment maintenance, consulting services for economic impact studies, and safety initiatives for facilities. Finally, the technology reduction will reduce the footprint of business systems.

## Eliminate FY 2025 Accelerator for Musical Instrument Repair

The Board's FY 2025 Tentatively Adopted Operating Budget had included an increase of $\$ 1,131,702$ for the repair of musical instruments and the purchase of instruments for economically disadvantaged students. As a result of the appropriation for the FY 2025 Operating Budget, this entire requested accelerator will not be funded in FY 2025. It is anticipated that the MCPS Educational Foundation, Inc. will help fund a portion of these repairs and purchases in FY 2025.

## Holding Harmless the MCPS Health Benefits Trust Fund in Reductions

The MCPS Health Benefits Trust Fund is projecting a deficit by the end of FY 2024 which has been documented in our monthly financial reports provided to the Board. This deficit is the result of both the increased number and cost of claims of enrolled MCPS employees and retirees. To hold the trust fund harmless as a result of these additional reductions described due to the Council's FY 2025 appropriation, these reductions are offset by $\$ 3,391,715$ which will remain in the FY 2025 Operating Budget for employer contributions to the trust fund.

## Additional Funding for Special Education

Both the number of students receiving special education services, as well as the type of services received, have increased in recent years, including FY 2024 and also are projected to increase for FY 2025. At the same time, filling special education teacher and paraeducator positions has been a challenge for MCPS, which is something that many school districts across the country currently experience. MCPS has had to rely on contractual services in addition to our teachers and support staff to meet the Individualized Education Program plans for our special education students. This FY 2025 Operating Budget, being adopted by the Board of Education, adds $\$ 3,100,000$ to support our special education requirements anticipated in FY 2025.

## Additional Funding for Community Schools

Since the Board's FY 2025 Tentatively Adopted Operating Budget, MCPS has learned from the state that it will receive $\$ 7,437$ in additional revenue for the Concentration of Poverty grant. This funding will be used, in part, to support the cost of a program manager to support community schools.

## Additional Funding for Blueprint Coordinator

Since the Board's FY 2025 Tentatively Adopted Operating Budget, MCPS has learned from the Maryland State Department of Education that it will receive $\$ 225,551$ in additional revenue for the cost of the MCPS Blueprint for Maryland's Future coordinator position.

## Changes in Expenditures for Enterprise Funds

The county executive's budget recommendation decreased the amount of revenue by $\$ 4,400,000$, estimated to be collected from school bus camera fines that MCPS collects and passes on to the county. This amount was added at the county's direction in the Board's FY 2025 Operating Budget request. As a result, in this final FY 2025 Adopted Operating Budget there is a corresponding decrease of $\$ 4,400,000$ on the expenditure side of the MCPS Enterprise Funds. In addition, there is an additional $\$ 774$ in expenditures budgeted in the Instructional Television Special Revenue Fund based on increased revenue for that fund.

## Summary of Recommendations

MCPS continued to seek input from a wide variety of stakeholders both within and outside the school system in developing the FY 2025 Operating Budget. Members of the Board of Education and the County Council, the county executive, along with our employee associations, parent/guardian representatives, students, community members, and MCPS staff all had important roles in the development of the final FY 2025 Operating Budget being presented today for approval by the Board.

This FY 2025 Operating Budget presented to the Board continues our focus on students, classrooms, and schools. This budget is centered on the MCPS core purpose of preparing all students to succeed from prekindergarten to their careers.

Attachment A provides a summary of the MCPS FY 2025 Operating Budget by state category. Attachment B reflects a high-level review of the current FY 2024 Operating Budget and the changes to the total operating budget and the tax-supported operating budget as it progressed throughout the budget development process leading up to the Board's Adopted FY 2025 Operating Budget.

Attachment C details the changes to the FY 2025 Operating Budget within state categories based on County Council action on May 23, 2024. Any additional changes made by the Board today, if any, will be reflected in the final Resolution and Attachments A, B, and C which will be published in the final printing of the MCPS Summary FY 2025 Operating Budget document.

Introduced: $\quad$ May 23, 2024
Adopted: $\quad$ May 23, 2024

## COUNTY COUNCIL

 FOR MONTGOMERY COUNTY, MARYLANDLead Sponsor: County Council

## SUBJECT: Approval of and Appropriation for the FY 2025 Operating Budget of the Montgomery County Public School System

## Background

1. As required by the Education Article, Sections 5-101 and 5-102 of the Maryland Code, the Board of Education sent to the County Executive and the County Council the FY 2025 Operating Budget for the Montgomery County Public School (MCPS) system as shown below.
2. The Executive sent to the Council his recommendations regarding this budget on March 14, 2024.
3. As required by Section 304 of the County Charter, the Council held public hearings on the Operating Budget and the Executive's recommendations on April 8, 9, and 10, 2024.
4. The appropriation in this resolution is based on the following projected revenues for FY 2025:

| State: | $\$$ | $971,613,288$ |
| :--- | ---: | ---: |
| Federal: | $\$$ | $112,833,603$ |
| Other: | $\$$ | $18,176,826$ |
| Enterprise: | $\$$ | $89,459,271$ |
| Special Revenue: | $\$$ | $1,581,200$ |

5. This appropriation requires a local contribution of $\$ 2,128,642,338$ to Montgomery County Public Schools.
6. Of the funds appropriated in this resolution, $\$ 77,830,792$ is appropriated to meet the State's FY 2025 requirement for the County to fund the shift of teacher pension costs from the State to the County. The State requires that this payment be included in the calculation of the Maintenance of Effort requirement, and that the Montgomery County Public Schools must reimburse the State for this amount of teacher pension costs.
7. This resolution does not include re-appropriation of FY 2024 MCPS Current Fund balance.
8. The Superintendent submitted to the Council proposed changes by State category to meet the approved expenditure level as reflected in this appropriation.

## Action

The County Council for Montgomery County, Maryland approves the following resolution:

1. The Council approves the FY 2025 Operating Budget for the Montgomery County Public School system and appropriates the funds as shown below.

## FY 2025 OPERATING BUDGET FOR MONTGOMERY COUNTY PUBLIC SCHOOLS

The Council approves and appropriates the following amounts:
$\left.\begin{array}{l}\text { I. 2. This resolution appropriates $\$ 11,531,204$ for the account titled "Provision for Future Supported Projects", which provides funds for specific programs designated in a grant, contribution, reimbursement, or other non-county funding source received in FY 2025. When MCPS receives funds for a program from one of these sources, MCPS may transfer funds from this appropriation to the program. The following conditions are established on the use of this transfer authority:
a) The program must not require any present or future County funds.
b) Subject to the balance in the account, any amount can be transferred in FY 2025 for any program which meets at least one of the following four conditions: (1) the amount is $\$ 200,000$ or less; (2) the program was funded in FY 2024; (3) the program was included in the FY 2025 budget; (4) the program was funded by the Council in a supplemental or special appropriation in FY 2025. Any program that does not meet one of these four conditions must be funded by a supplemental or special appropriation.
c) MCPS must notify the Executive and the Council within 30 days after each transfer.
3. Any appropriation authorized in this resolution for any expenditure funded by non-County funds is contingent on the receipt of the non-County funds.
4. This resolution re-appropriates or appropriates revenue received from non-County sources for programs funded in whole or in part from those non-County funds:
a) together with matching County funds, if any; and
b) to the extent that the program period approved by the non-County source encompasses more than one fiscal year, in order to complete the grant program under the terms of receipt of the non-County revenues.
5. This resolution re-appropriates the fund balance of the Warehouse account.
6. The Council continues the procedure for transfers adopted in Resolution 12-889. This procedure applies only to the non-County portion of grant programs, and therefore only applies to those grant programs for which MCPS keeps separate accounts for County and non-County funds.
a) The Council will not take action on these transfers, so the transfers will be automatically approved after 30 days, as provided by State law.
b) MCPS staff must report each transfer to the Executive and the Council within 30 days after the transfer.
7. The following provision applies when MCPS receives more non-County funds than were budgeted for a project that also receives some County funds:
a) Council approval is not required to substitute non-County funds for County funds. In this case, there is no change in the appropriation.
b) Council approval is required to increase the appropriation. The Council may decide to substitute non-County funds for the County funds instead of increasing the appropriation.
8. This resolution re-appropriates encumbered appropriations, permitting them to be spent in FY 2025. Unencumbered appropriations lapse at the end of FY 2024 except as re-appropriated elsewhere in this resolution.
9. Following final Board of Education action on the FY 2025 Operating Budget in June 2024, MCPS will report to the Council the total Full-Time Equivalent (FTE); FTE by category; and for categories 2, 3, and 6, allocation of positions by the following groups:
a. Elementary
b. Middle
c. High
d. Pre-K
e. Other
10. In the Board of Education action on the FY25 Operating Budget in June 2024, MCPS will update Table 5 of the Operating Budget document to identify position categories by State Budget category in addition to the current groupings.
11. MCPS will provide to the County Council no later than October 1, 2024, a report that details new programs and initiatives that are proposed to be implemented in the next school year (FY 2025), and summarizes the status of new programs and initiatives that were implemented in the past three fiscal years (FY 2024, FY 2023, and FY 2022). New programs and initiatives includes efforts implemented through contractual services as well as MCPS staff. The report should be organized by fiscal year and include: the name of the program; the current status of the program (including number of students served, if it is ongoing); and current funding level and FTE.
12. MCPS will provide to the Council a report on actual class sizes in the 2024-2025 school year. This report will include the range, median, and mode of actual class sizes at each level: elementary, middle, and high school. Elementary schools must also be divided into Class Size Reduction schools and non-Class Size Reduction schools. Each level must also report on special education class size. This report must be provided no later than October 15, 2024, and a second report no later than February 15, 2025.
13. MCPS must provide to the County Council, consistent with Federal privacy and other confidentiality requirements, all reports of special education enrollment and Section 504 enrollment data that are provided to the Board of Education.
14. The County Council's intent is that funds appropriated in this resolution will support programs and services to achieve positive improvements in metrics of student academic performance in
all student demographic subgroups. These metrics include but are not limited to: early literacy; third grade math and reading; middle school math and language arts; college and career readiness; and graduation rates. MCPS must provide to the County Council, consistent with Federal privacy and other confidentiality requirements, all reports on student academic performance metrics that are provided to the Board of Education.

This is a correct copy of Council action.

Sara R. Tenenbaum
Clerk of the Council

## State Budget Categories and Special Revenue Funds

## CATEGORIES

State law requires all counties and Baltimore City to appropriate and record expenditures for education in accordance with standardized state budget categories. This is so the Maryland State Department of Education may collect and compare data on local education spending from across the state. These state budget categories are based generally on broad functional classifications such as administration, instructional costs, special education, and student transportation.

Additionally, there also are special revenue and enterprise funds that generate/receive outside revenue which defrays the system cost.

Below are summaries of the types of expenditures in each of the state categories of expenditure and the percent of each category to the total operating budget.

## Category 1—Administration (2.2 percent)

Administration includes activities associated with the general direction and control of the school district and includes such activities as establishing and administering policy, providing fiscal and business services, central information systems, and supporting each of the other instructional and supporting services programs. Administration includes expenditures for the Board of Education, executive staff units, evaluation and supporting services, administrators, supervisors, and human resources. These expenditures affect the district as a whole and are not confined to a single school building.

## Category 2-Mid-level Administration (5.9 percent)

Mid-level Administration includes supervision of districtwide and school-level instructional programs and activities. It includes all school-based administration, including the office of the principal. Mid-level Administration includes school business and clerical activities, graduation expenses, curriculum development, supervision of guidance and psychological services, supervision of career and technology programs, and educational media services. Mid-level Administration also includes central district school support and improvement activities.

## Category 3-Instructional Salaries ( 38.3 percent)

Instructional Salaries includes expenditures for teaching students in general education settings. It includes most activities that occur on a regular basis at the school level or for the benefit of the instructional program. Instructional Salaries includes all salary expenditures for providing these activities, including salaries for teachers, paraeducators, school aides, teaching specialists, resource teachers, psychologists, school counselors, media staff, part-time salaries, substitutes, and stipends but does not include employee benefits. Salaries for staff involved in professional development activities also are included in this category.

## Category 4-Textbooks and Instructional Supplies (1.2 percent)

Textbooks and Instructional Supplies includes all supplies and materials used in support of instruction. This category includes books, media materials, computer materials, art and music supplies, science and laboratory supplies, and physical education supplies. This category also includes supplies used for extracurricular activities.

## Category 5-Other Instructional Costs (1.1 percent)

Other Instructional Costs includes all other expenditures for instruction, including contractual services, contractual copier maintenance, reimbursement for out-of-county tuition, consultants, equipment, school furniture, local travel, facilities rental, and miscellaneous expenditures related to instruction.

## Category 6-Special Education (13.6 percent)

Special Education includes instructional activities for students with disabilities. Special Education includes expenditures for students in public schools and for tuition and other expenditures for students in nonpublic institutions. This category includes instructional salaries, textbooks and instructional supplies, and other instructional costs for special education students. This category also includes administrative expenditures for schools dedicated to Special Education and professional development activities related to Special Education instruction.

## Category 7-Student Personnel Services ( 0.7 percent)

Student Personnel Services includes activities designed to improve student attendance at school and to prevent or solve student problems in the home, school, and community. This category includes pupil personnel workers and school social workers. This category also includes international student services, student affairs, and court liaison.

## Category 8-Student Health Services <br> ( 0.1 percent)

Student Health Services includes physical and mental health activities that are not instructional and that provide students with appropriate medical, dental, and nursing services. In Montgomery County, nearly all student health services are provided by the Department of Health and Human Services, Division of School Health Services.

## Category 9-Student Transportation (4.4 percent)

Student Transportation includes activities concerned with the conveyance of students between home, school, and school activities. Included are vehicle operation services, monitoring services, vehicle servicing and maintenance services, transportation training, and other student transportation services. This category does not include vehicle operations related to other school support activities.

## Category 10-Operation of Plant and Equipment ( 5.5 percent)

Operation of Plant and Equipment includes activities concerned with keeping the physical plant open, comfortable, and safe for use. These activities include cleaning and regular upkeep of plant and equipment in schools, grounds, and other facilities; and utilities expenditures, including telecommunications, materials management, and security services.

## Category 11-Maintenance of Plant

## (1.5 percent)

Maintenance of Plant includes activities concerned with keeping the grounds, buildings, fixed equipment (other than student transportation assets, and furniture and movable equipment) in their original condition of completeness or efficiency through repair, scheduled and preventive maintenance, or replacement of property.

## Category 12-Fixed Charges (22.6 percent)

Fixed Charges, primarily used for employee benefits expenditures, are charges of a generally recurrent nature that are not readily allocable to other expenditure categories. The following are included:

- Board contributions to employee retirement and social security
- Employee insurance benefits (health, life, accident, disability, etc.)
- Fidelity insurance, personal liability insurance, and judgments
- Interest on current loans
- Tuition reimbursement

Category 14-Community Services ( 0.1 percent) Community Services are activities that are provided for the community or some segment of the community and do not include public school activities and adult education programs. These services generally are provided to adults rather than to school-aged children. These services do not include parent support or engagement activities for the benefit of school instruction.

## SPECIAL REVENUE FUNDS

Below are summaries of the types of expenditures in each of the state funds of expenditure and the percent of each fund to the total operating budget.

## Fund 5-Instructional Television Special Revenue Fund ( 0.1 percent)

Through the MCPS Television Special Revenue Fund, MCPS is receiving revenue from the Montgomery County Cable TV Fund as part of the county Cable Television Plan. The majority of the Cable TV Fund revenue comes from license fees. This revenue is used to support MCPS television services.

## Fund 11-Food Service Fund (2.2 percent)

The Food Service Fund provides all food service and nutrition programs for schools and other customers as an enterprise activity. Revenue for the fund comes from federal and state food aid programs and from the sale of meals to students and other customers.

## Fund 12-Real Estate Fund (0.1 percent)

The Real Estate Fund is used to manage real estate lease revenues and expenditures as an enterprise activity. Revenue for the fund comes from real estate lease rentals, mainly from former schools.

## Fund 13-Field Trip Fund ( 0.1 percent)

The Field Trip Fund provides transportation services for school field trips and external customers on a cost-recovery basis as an enterprise activity. Revenue for the fund comes from reimbursements by students and other customers.

## Fund 14-Entrepreneurial Activities Fund ( 0.3 percent)

The Entrepreneurial Activities Fund provides entrepreneurial activities that earn outside revenue to help defray system costs. Revenue for the fund comes from sales of goods and services to external customers, including other government agencies and non-profit organizations. Entrepreneurial activities do not compete with commercial firms or engage in any activities unrelated to the instructional program. Entrepreneurial activities include warehouse services, printing, sales of curriculum materials, sales of science kits, and other entrepreneurial development activities.

The following tables display actual, budgeted, and recommended funding by state budget category and fund.

The Code of Maryland Regulations (COMAR) requires each local school system to submit an annual special education staffing plan to the Maryland State Department of Education (MSDE). The plan must demonstrate public input and be approved by the local Board of Education prior to its submission to MSDE. The locally approved staffing plan is submitted to MSDE annually by July 1 with the local application for federal funds. MSDE reviews the staffing plan and advises the local agency if there is a need for additional information or revisions. If revisions are required, the local agency must submit the revised staffing plan by September 30. The required elements of the staffing plan include the following:

- Evidence of public input
- Evidence of maintenance of effort within the meaning of 34 CFR $\$ 300.231$, Maintenance of Effort, and COMAR 13A.02.05, Maintenance of Effort
- Staffing patterns of service providers of special education and related services
- The number and type of service providers needed to provide a free, appropriate public education (FAPE) for each student in the least restrictive environment (LRE)
- Local accountability and monitoring
- Evaluation of the local staffing plan for effectiveness
- Strategies to resolve concerns over staffing plans
- Evaluation of the local staffing plan for effectiveness
- Steps to secure public input in the development of the staffing plan
- Information on how the public agency will use the staffing plan to monitor the assignment of staff to ensure that personnel and other resources are available to provide FAPE to each student with a disability in the LRE.

The following resolution is recommended for your consideration:
WHEREAS, The Maryland State Department of Education (MSDE) requires each local school system to submit an annual staffing plan; and

WHEREAS, The Special Education Staffing Committee composed of parents, teachers, principals, special education staff, and special education advocates held one meeting in July of 2023 and one meeting in January of 2024 with recommendations submitted to the Department of Special Education; and

WHEREAS, The FY 2025 Recommended Operating Budget includes all of the staffing plan elements required by the Maryland State Department of Education; now therefore be it

Resolved, That the Board of Education approve the FY 2025 Special Education Staffing Plan as included in the FY 2025 Recommended Operating Budget; and be it further

Resolved, That upon final approval of the FY 2025 Operating Budget in June 2024, the Special Education Staffing Plan will be submitted to MSDE.

# FISCAL YEAR (FY) 2025 SPECIAL EDUCATION STAFFING PLAN 

Montgomery County Public Schools

June 2024

## Overview

The Office of Special Education (OSE) provides a Free Appropriate Public Education (FAPE) to all students with disabilities requiring specialized instruction and related services. Students with disabilities receive their services-

- within a comprehensive, collaborative, and individualized support system that enables access to the Montgomery County Public Schools (MCPS) curriculum aligned to the Maryland College and Career Ready Standards or the Alternate Academic Achievement Standards as determined by the Individualized Education Program (IEP) team; and
- in the student's home school, to the maximum extent possible, in accordance with national, state, and local mandates.

Local school systems (LSSs) are required by the Code of Maryland Regulations (COMAR) 13A.05.02.13D to develop a yearly Special Education Staffing Plan to ensure that sufficient staff members are available to meet the programming needs of students. The plan must be completed on or before July 1, with evidence of Montgomery County Board of Education (Board) approval. In addition, the plan is required to include the following:

- evidence of public input;
- evidence of Maintenance of Effort (MOE) within the meaning of 34 CFR §300.231, MOE, and COMAR 13A.02.05, MOE;
- staffing patterns of service providers for special education and related services;
- consideration of time requirements beyond direct services;
- the number and type of service providers needed to provide FAPE to each student with a disability in the least restrictive environment (LRE);
- local accountability and monitoring;
- strategies to resolve concerns regarding staffing plans;
- evaluation of the local staffing plan for effectiveness;
- steps to secure public input in the development of the staffing plan; and
- information on how the public agency will use the staffing plan to monitor the assignment of staff members to ensure that personnel and other resources are available to provide FAPE to each student with a disability in the LRE.

## Introduction

As required by the Maryland State Department of Education (MSDE), the MCPS Fiscal Year 2025 Special Education Staffing Plan provides evidence of public input, professional development (PD), special education service descriptions (Attachment A), special education enrollment, the number and types of direct service providers (Attachment B), and the process for reviewing and making adjustments to staffing and MOE. In addition, the plan recommends staffing priorities and recommendations for maintenance of initiatives for FY 2025 (Attachment C).

OSE recognizes and appreciates the Board's support of special education through previous budget initiatives and the funding of required improvements. As a result of ongoing fiscal limitations, the Special Education Staffing Plan Committee (SESPC) focused on critical areas of special education programming. Those items that were not included in the FY 2024 MCPS budget were considered by the committee, special education staff members, the Office of Facilities Management (OFM), and Budget and Planning staff members during the FY 2025 budget process that began July 2023 (Attachment D).

As stated in the MCPS Strategic Plan, our core purpose is to prepare ALL students to actively participate in college, career, and community opportunities. MCPS is committed to mitigating learning loss caused by the pandemic while continuing to narrow the opportunity gap for all student groups. Two major pieces of federal legislation drive the delivery of special education services: the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) and the Every Student Succeeds Act of 2015 (ESSA). Board Policy IOB, Education of Students with Disabilities, further affirms the commitment of the school system to ensure the provision of FAPE.

MCPS collaborates and coordinates within the school system and with community agencies to ensure services are provided to students with disabilities in accordance with their IEP. This includes, but is not limited to, academic, behavioral, mental health, counseling support, and transition to post-secondary college, career, and community opportunities.

IDEA mandates that "to the maximum extent appropriate" students with disabilities shall be "educated with children who are not disabled." Moreover, assignment to "special classes, separate schooling, or other removal of students with disabilities from the general education environment" should occur "only when the nature or severity of the disability of a child is such that education in general classes with the use of supplementary aids and services cannot be achieved satisfactorily." In addition to this LRE mandate, IDEA regulations require school districts to ensure that a student with disabilities is "educated in the school he or she would attend if nondisabled" unless the IEP requires some other arrangement.

MCPS uses OSE leadership meetings to evaluate its performance in alignment with the federal and state Results Driven Accountability measures. The outcome of this process drives our general supervision responsibilities for internal monitoring, targeted professional learning opportunities (PLOs) for schools, our strategic plan, and ultimately drives student success.

ESSA holds schools accountable for improved educational outcomes for all students. ESSA specifically mandates testing and disaggregation of test results to show progress for students with disabilities and other identified student groups.

Principal Advisory Committee and professional learning community (PLC) meetings are conducted throughout the school year as a forum for open dialogue and evaluation of strategies. Topics covered during these meetings include initial feedback on new initiatives, sharing of best practices, concerns, and staffing considerations. Staffing concerns raised during these meetings are explored for potential solution with project teams formed by key stakeholders to address the stated issue(s). The work of the project team is to research and identify recommendations for review by executive
leadership. These recommendations are used to drive budget discussions, which in turn allow for staffing changes and enhancements.

During the school year, staff members from the Department of Special Education Services (DSES) and the Division of Business, Fiscal and Information Systems (DBFIS) review information from student IEPs using the Maryland Online Individualized Education Program (MOIEP) system, classroom observations, MSDE mandates, due process hearing decisions, and input from staff and community members to determine the effectiveness of the current MCPS Special Education Staffing Plan and to make recommendations for the next Fiscal Year (FY) staffing plan.

MCPS holds all staff members accountable for student outcomes. MCPS is committed to increasing collaboration among all offices, staff members, schools, and the community to ensure coordinated services meet the needs of all students in the most effective and efficient ways. The MCPS Special Education Staffing Plan ensures that appropriate personnel are available to deliver the services required to implement student IEPs and provides balance between student needs, teacher responsibilities, and the educational settings in which services will be provided.

## MCPS Budget Review and Adoption Process

In December 2023, the former superintendent of schools presented her FY 2025 Recommended Operating Budget to the members of the Board and the community. The budget reflects input from a variety of public and private stakeholders, including input provided by the SESPC. Two public FY 2025 budget hearings were held on January 18 and January 25, 2024. The Board operating budget work sessions were held on January 16, 23, and 30,2024. The Board tentatively adopted the FY 2025 Superintendent's Recommended Operating Budget on February 6, 2024. After March 1, 2024, the Board's recommended budget was sent to each principal, Parent Teacher Association president, public library, Montgomery County executive, and the County Council (CC) as required by law.

The Montgomery County executive made recommendations for the MCPS budget in March 2024, with the CC holding public hearings on all local government budgets in April 2024. The CC's Education Committee held work sessions on the Board's recommended budget in April-May 2024, and the full CC reviewed the school system budget in May 2024. The Montgomery County Charter, as amended by voters in November 1992, requires that the CC act on all budgets by May 31 of each year. For FY 2025, the CC approved the county budget on May 23, 2024. After the CC completes its appropriation action, the Board adopted the final approved budget for FY 2025 on June 11, 2024. A timeline of budget actions can be found in Attachment D.

## Public Input

Mrs. Julie S. Hall, director, DBFIS, invited members of the community, DSES/DBFIS staff members, the Special Education Citizens Advisory Committee (SECAC), and other stakeholders to participate on the SESPC (Attachment E). The committee met on July 12, 2023, to review the FY 2024 Special Education Staffing Plan, receive information regarding the FY 2024 MCPS budget and public input, and to make recommendations for priorities to be considered for inclusion in the FY 2025 budget.

During the July meeting, the committee received an overview of the elements of a staffing plan, considered how the process of developing a staffing plan aligned with the new MCPS budget process, reviewed the FY 2024 SESPC recommendations, and the final FY 2024 special education budget allocations. Additionally, the SESPC was asked to participate as a focus group. The committee was asked to consider current resources and the use of those resources to support students with disabilities by providing them with the skills needed to be successful in college and career when responding to the following questions:

1. An achievement gap exists for students with disabilities. We need to increase proficiency rates for children with IEPs against grade level modified and alternative achievement standards.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

2. All students should be effectively served in the LRE. Current state indicator data demonstrates that we are not meeting MSDE targets. We need to increase the number of students being served in the $L R E$.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

3. We are charged as a system to ensure all students have the academic, creative problem solving, and the social emotional competencies that they will need to be successful in the $27^{\text {st }}$ century. State Indicator data, specifically discipline data, shows there is more work to be done to reduce suspensions for students with disabilities.

- What is currently in place that provides for effective allocation and use of the resources?
- What upgrades and/or changes can be developed to improve the allocation and use of these resources to meet strategic priorities?

The committee selected the following top priorities from the input of the group-

- Allocate additional permanent positions for critical staffing support (paraeducators) and special education staff rather than temporary part-time (TPT) positions.
- Increase training for general education and special education teachers, administrators, and support staff on evidence-based inclusion practices. Increase cotaught classes and inclusion classes to provide additional learning opportunities for all students.
- Increase full-day opportunities for pre-K students with disabilities, particularly in general education settings so that they have increased opportunities for appropriate, rigorous instruction.
- Provide additional training for general education teachers in best practices for teaching students who have IEPs in inclusion settings.

During the process of budget development, the committee's recommendations are considered as strategic service enhancements and incorporated into professional learning plans. The method by which recommendations are implemented is dependent on the types of priorities generated by the committee. Several initiatives were considered for the development of the FY 2025 budget. Funding to address PL goals is provided through MSDE grant funds.

In January 2024, the committee received an update on the FY 2025 budget process and a review of the special education budget that is included in the Superintendent's FY 2025 Recommended Operating Budget. The FY 2025 Special Education Staffing Plan will be available on the MCPS website.

The special education staffing plan process is aligned closely with the MCPS operating budget process, with ongoing public input and community involvement. Input received from SESPC was considered during the budget planning and development processes for the FY 2025 Special Education Staffing Plan. In addition, oral and written testimonies received through the Board's budget hearings were considered as final changes were made to the FY 2025 Superintendent's Recommended Operating Budget.

## Professional Learning (PL)

The delivery of specialized instruction is an integral part of the MCPS systemic school improvement planning process. Teams that make decisions about special education services are aware of their responsibility to consider each student's needs and the supports and services necessary to provide the student with access to, and participation in, the MCPS curriculum in the LRE.

A key element in the provision of FAPE for students with disabilities is the availability of skilled personnel to implement each student's IEP. Through the collaborative efforts of DSES and the Office of Curriculum and Instructional Programs (OCIP), special education staff members who deliver the general education curriculum to students with disabilities participate in required, voluntary, and school-specific PL activities, including webinars, that ensure the delivery of effective instructional best practices.

PL activities are aligned with the other system initiatives that focus on the provision of special education services within home or consortia schools. OSE, OCIP, and Office of School Support and Well-Being (OSSWB) continue to collaborate to ensure that students with disabilities gain access to the general education curriculum at all school levels. General and special education teachers (SETs) participate in PLOs based on best practices associated with Specially Designed Instruction (SDI), collaborative planning, differentiated instruction, and the use of technology. Furthermore, PL is provided to support the instruction of students with autism spectrum disorders (ASD) in the LRE.

As technology supports have evolved for our students with vision, hearing, and communication challenges, training is provided to enhance the support for this group of students. Staff members will have multiple opportunities during the 2024-2025 school year to build their capacity in this area. The PLOs focus on building the skills staff members need to support students with unique learning styles in accessing the curriculum. PL also will be provided in the areas needed to support prekindergarten (pre-K) services, social-emotional needs of students, and transition services.

First-year SET PL is offered quarterly. In addition, elementary and secondary SET leaders are provided with regularly scheduled PLOs and job-embedded coaching. A comprehensive list of the PD plan is available (Attachments F and G).

Central services staff members work collaboratively with various offices to develop and facilitate PLOs and ongoing job-embedded coaching, technical assistance, and consultation to both general and special education staff members in pre-K to school-age services as follows:

- MCPS will implement an interdepartmental collaboration to provide all educators with the knowledge and skills needed to deliver highly effective instructional services and to provide all students with an equitable and supportive learning environment.
- Central office staff members will work closely with the Division of Early Childhood, Title I Programs, and Recovery Funds and OCIP to provide PL on Maryland's Early Childhood Comprehensive Assessment System, including the Kindergarten Readiness Assessment and the Early Learning Assessment, MCPS pre-K curriculum, collaboration and coteaching strategies, and the Maryland Pyramid Model to address social and emotional learning with job-embedded coaching. Additionally, pre-K teachers will have opportunities to build their capacity to develop standards-based highquality IEPs, de-escalate challenging behaviors, differentiate their instruction, and build their skills to coteach in the inclusive setting.
- Central office staff members will provide PL on:
- recognizing the characteristics of and differentiating instruction for twice exceptional elementary and secondary students
- reading and mathematics interventions
- job-embedded coaching and support of evidenced-based reading and mathematics interventions and strategies
- instructional practices and strategies to ensure student access to the curriculum and increase the performance of students with disabilities on assessments to narrow the achievement gap
- positive behavioral management training through the Crisis Prevention Institute
- Functional Behavioral Assessment and Behavioral Intervention Plan development to support students in the development of positive and appropriate learning behaviors; as well as behavioral management strategies for students receiving services in the Home School Model (HSM) inclusive classroom
- Universal Design for Learning through courses focused on accessibility and assistive technology, including providing guidance for selecting and documenting accommodations and creating and using of accessible curriculum materials and tools
- multi-sensory foundational reading strategies and Orton-Gillingham (OG) methodologies to support acquisition of literacy skills
- supporting students receiving services in the Learning and Academic Disabilities (LAD)/Resource model in middle school
- social-emotional special education for secondary students to foster the emotional growth of our students
- transition services awareness through an online module for middle and high school staff members in supporting students to be college, career, and community ready

The majority of students with disabilities are served with their peers in the general education classroom. In addition to general education and SETs, related service providers, and paraeducators, students with disabilities receive support from school counselors, school psychologists, and administrators. To ensure the provision of FAPE for all students in FY 2024, 10,237 full-time equivalent (FTE) positions were budgeted for general education teachers, 568 FTE positions were budgeted for counselors, 105.7 FTE positions were budgeted for school psychologists, and 593 FTE positions were budgeted for building administrators. The provision of staffing will be maintained in FY 2025 and adjusted in accordance with changes in the student population.

## Evaluation of Staffing Plan for Effectiveness

MSDE has established LRE targets for LSSs that require students with disabilities to receive special education and related services in a general education setting or a combined general education and special education setting. The current MSDE targets are to increase LRE-A (in general education greater than 80 percent of the day) and decrease LRE-C (removed from general education greater than 40 percent of the day-i.e., self-contained classrooms). It is assumed that as the number of students in LRE-C decreases, students will transition into more inclusive environments. The LRE targets, which are closely monitored by MSDE, will ensure that established standards are met, and hold schools and LSSs accountable forstudent performance.

According to the October 1, 2022, census data report from MSDE, 69.44 percent of students with disabilities were served in the general education environment, LRE-A, and 15.44 percent of students with disabilities were served in LRE-C. MCPS did not meet the MSDE target of 71.25 percent of students with disabilities served in LRE A, nor the MSDE target of 11.50 percent for students with disabilities served in LRE-C.

The MSDE monitoring priority area is to provide FAPE in the LRE. Measurable and rigorous targets are established. The MCPS LRE performance data and MSDE targets from October 2019, through October 2022, are indicated in the chart below:

Percentage of MCPS Students with Disabilities by LRE

| Inclusion <br> Indicator | October <br> 2019 | October <br> 2020 | October <br> 2021 | October <br> 2022 |
| :---: | :---: | :---: | :---: | :---: |
| MCPS LRE-A | $67.32 \%$ | $67.11 \%$ | $67.29 \%$ | $69.44 \%$ |
| MSDE Target for <br> LRE-A | $70.90 \%$ | $70.71 \%$ | $71.00 \%$ | $71.25 \%$ |
| MCPS LRE-C | $14.04 \%$ | $14.56 \%$ | $15.55 \%$ | $15.44 \%$ |
| MSDE Target for <br> LRE-C | $10.76 \%$ | $12.00 \%$ | $11.75 \%$ | $11.50 \%$ |

We continue to focus on inclusive practices for all students with disabilities through PLOs, the use of technology, and continuing to add elementary school special education services to the HSM.

With the monitoring and data collection on LRE targets and student performance, critical staffing data and staffing changes are used to evaluate the effectiveness of our staffing plan. Critical staffing is allocated as additional staffing over the service-staffing ratio.

Critical staffing paraeducators support individual students in the inclusive setting or individualized LRE settings and are allocated based on student need as indicated by the IEP. The role of this staffing is to provide the high level of support needed for some students in the LRE. In FY 2023, there were more than 100 additional critical staffing paraeducator positions added to meet the individual needs of students. There has been steady annual growth of critical staffing allocations in either number of positions or total hours of support allocated or both. This ongoing increase in critical staffing allocations responds to the essential needs of students as they move from more restrictive settings into the LRE.

In FY 2024, we are continuing to maintain a high level of accuracy in staffing projections. Greater accuracy in the projection of staffing is the result of process improvements used to develop the special education budget. This includes accurate enrollment projections and increased transparency through the active participation of the central office special education staff members in the budget development process. The data collected on staffing changes after the initial allocation has been steadily improving. In FY 2025, these successful staffing processes will continue to be implemented and monitored.

OSE oversees the process of staffing allocations, changes, and budget. The staffing plan is reevaluated annually during the summer after receiving input from the SESPC and other key stakeholders; however, staffing is monitored throughout the school year. In the event that student enrollment does not justify the allocated staffing, the staff member is reassigned to an area of need. Whenever possible, reassignment of the staff member is to a similar classroom. It is not the practice of MCPS to move students to accommodate for staffing concerns.

We are consistently making upgrades to monitoring methods to provide for the most accurate and timely data. MCPS has moved to a single-data system platform using Performance Matters. We have flagged key identifiers as special education service codes. Supervisors and schools analyze special education services as they relate to our accountability system-Evidence of Learning Outcomes. Student data is another measure that is considered in the ongoing review of our staffing models and understanding the patterns of staffing needs in supporting students. Data obtained from critical staffing patterns also provides valuable insight into the staffing needs of supporting students in the LRE. It is through these review processes that OSE ensures the staffing models are aligned with the MCPS strategic priorities and the needs of our students receiving special education services.

MCPS uses multiple tools to refine and upgrade how staffing is implemented to improve student outcomes. Evaluation of staffing is an ongoing focus as there is a direct correlation between appropriate student support for access to LRE, rigorous and high-quality instruction, and student
performance. Staffing is dispersed throughout the school year to meet changes in enrollment and provide additional support as needed through the allocation of building staffing and critical staffing support. Staffing changes also are made after careful consideration has been given by the staffing team as a result of building administrator requests. These staffing requests and changes are usually the result of changes in student enrollment or to meet specific needs of students and services.

## Special Education Facilities and Staffing Patterns

According to the October 2023 unofficial Child Count data submitted to MSDE for the Maryland Special Education Census Data, 22,510 MCPS students, ages 3 to 21, received special education services. This number includes students receiving the Extended Individualized Family Services Plan option. Of those students, 348 received services in a public separate special education day school, and 552 students received services in a nonpublic special education school. This data has not yet been verified by MSDE.

Participation in the LRE requires access to general education classrooms. DSES, DBFIS, the Department of Transportation, OFM, and OSSWB are engaged in long-range planning to provide increased options for students with disabilities to access the general education environment throughout the system. The distribution of cluster and countywide services is based on the assumption that all students will be educated in their home school or home school cluster, if possible. For example, services for high incidence disabilities, such as learning disabilities, are available in all elementary schools and at all secondary levels. In contrast, highly specialized services for students who are Deaf/Hard of Hearing ( $\mathrm{D} / \mathrm{HOH}$ ) are provided on a countywide basis in centralized locations. However, many students who need D/HOH support can be served in their home school. A benefit of being such a large school system is the ability to serve students with special needs in multiple environments and with diverse discrete services designed to focus on the students' strengths while meeting individual needs.

Students receiving special education services may be served by the general education teacher or a coteaching team (a general education teacher and/or a SET or paraeducator) in the inclusive school environment. The general education teacher, SET, related service providers, and paraeducators are responsible for supporting their assigned students. The general education teacher, in collaboration with the special educator, related service providers, and paraeducator, is responsible for implementing the IEP and ensuring that students with disabilities receive their supplementary aids, services, and accommodations during instruction and assessment, as applicable.

In collaboration with the special educator, the general educator reports on progress, implements and discusses strategies, supports IEP development, and is a member of the IEP team. Teachers and service providers are provided with adequate planning time and time for parent/guardian meetings and communication as specified by the teacher contract. Information also has been disseminated across the county to support administration in designing schedules that provide for common planning time for coteaching teams whenever possible.

LAD and Resource models consider each school's total number of students with IEPs, the total number of instructional IEP hours needed within the school, the number of grade levels being taught, the number of IEP hours that a special educator is responsible for each week, and a
minimum-base teacher allocation. This staffing model is implemented in the HSM and LAD/Resource model but does not incorporate staffing for discrete services such as School Community-based (SCB), Learning for Independence (LFI), Autism, Extensions, and Social Emotional Special Education Services (SESES). Since the implementation of the elementary HSM, the number of elementary schools providing this staffing model has increased. Prior to FY 2017, there were 68 elementary schools offering HSM services. By FY 2024, all elementary schools had transitioned to HSM. The purpose of this transition to HSM was to provide increased access for students to special education services and inclusive opportunities within their neighborhood school. Data indicates that continuing our efforts to increase the number of elementary schools with the HSM directly benefits students.

The LAD/Resource model implemented in all MCPS middle schools allows for more flexible programming options, including coteaching. In addition, this staffing model ensures that students with disabilities have access to a continuum of services, including consultation, resource support, cotaught classes, and self-contained classes in their home or consortia schools without having to be placed into more restrictive centralized services.

Trends related to the identification, evaluation, and placement of students with disabilities have contributed significantly to decisions regarding the location of a variety of services. The goal of OSE is to increase the percentage of students receiving special education services in their home school or cluster. The following special education services are available in MCPS:

- Special education services are offered in all comprehensive schools, kindergarten(K)-12.
- All elementary schools will provide HSM services. A continuing goal is to provide equitable staffing in the schools implementing this approach. The LAD/Resource model is used in middle schools and provides sufficient staffing to support all students. LAD/Resource services are offered in each high school.
- Autism Resource Services are based in selected comprehensive middle and high school buildings. Students served by this model have a diagnosis of an ASD. These students are accessing the general education curriculum with supplementary aids, services, and accommodations as recommended on their IEPs. Students have documented social and emotional needs that significantly interfere with their ability to participate in other educational environments despite a variety of special and individualized supports. Students are included for academic classes in the general education environment with their appropriate supplementary aids, services, and accommodations.
- Instruction to students with autism at Darnestown Elementary Learning Center (LC) continues to be provided in alignment with evidence-based practices that have proven to be highly effective for students with autism.
- Special education services are cluster-based for students in need of a LC, LFI, or SCB class.
- Special education services are available regionally for students with disabilities through Preschool Education (Pre-K) Services, pre-K language classes, classes for students with ASD, Twice Exceptional Services, and Longview and Stephen Knolls schools.
- Countywide special education service models are available for students in the following areas: D/HOH Services, pre-K Vision Services, Physical Disabilities classes, Augmentative and Alternative Communication classes, the Carl Sandburg LC, John L. Gildner Regional Institute for Children and Adolescents, and Rock Terrace School.
- SESES are provided at elementary, middle, and high schools in each area or countywide. At Colonel Zadok Magruder High School, a specially designed SESES cluster model continues to address the instructional and mental health needs of students with emotional disabilities. All SESES for elementary and middle schools are staffed based on a teacher station model. Social workers are assigned to each SESES school site to provide additional social emotional support for students. In FY 2023, an additional site was added at Jones Lane Elementary School to address increased enrollment.
- Services through Extensions are provided regionally at the elementary, middle, and high school levels. The number of schools offering these services has expanded over time. These services are provided for students with significant cognitive difficulties and complex emotional and behavioral needs.
- Since FY 2020, SESES has continued its partnership with The Foundations School to provide professional learning with a focus on the collection of behavioral data. This data guides the delivery of specially designed instruction focusing on the improvement of behavioral plans, the delivery of services, and the monitoring of student progress. In FY 2025, SESES will continue to partner with The Foundations School for support.

Special education classes and service locations are identified in the MCPS Educational Facilities FY 2024 Master Plan and the Amendments to the FY 2025-2030 Capital Improvements Program published annually in June. However, as enrollment projections and programming needs are refined during the year, the location of some classes and services may change.

MCPS is committed to increasing inclusive opportunities for pre-K students receiving special education services. The Division of Prekindergarten, Special Programs and Related Services (DPSPRS), and the Division of Early Childhood and Title I Programs, and Recovery Funds continue to collaborate to provide services for students who have an IEP in regular early childhood settings. The Division of Long-range Planning and OSSWB also are involved in this process due to the impact on elementary facilities. The goal is to place general and special education pre-K classes where general and special educators will use coteaching and collaborative planning strategies to provide instruction to pre-K students who receive special education services alongside their non-disabled peers. The collaborative teaching model is located in 17 MCPS elementary schools, and the work continues to create additional inclusive opportunities while fostering community partnerships. In FY 2019 and FY 2020, MCPS opened the MacDonald Knolls Early Childhood Center and the Upcounty Early Childhood Center. These centers introduced a new pre-K inclusive model that provides special education services to students receiving with IEPs in full-day general education classes. An early childhood SET is the primary provider for services, coteaching in the general education classroom, and providing services outside of the regular early childhood setting only as deemed necessary by an IEP team. General educators and paraeducators also may provide specialized instruction. The inclusive pre-K model also was expanded to additional elementary schools, three additional locations were added in FY 2021, and three more schools became inclusive pre-K sites in FY 2022.

DPSPRS also increased the number of classes that enroll nondisabled community peers with a focus on classes for the youngest pre-K students with IEPs. In FY 2023, there were 54 classes where
students with disabilities were learning alongside typically-developing peers from the community. For FY 2024, nine or our half-day collaboration classes were converted to full-day classes so that students receiving special education services could attend the entire day like their non-disabled peers. Increasing the number of inclusive full-day classes will continue to be a focus for FY 2025.

## Ongoing Review and Adjustments to Staffing

The process of allocating staff members for the following school year begins with reviews of student enrollment as reported in the MOIEP data system from September through December of the preceding year. These reviews identify any unanticipated special education enrollment trends in schools that may require adjustments to current or future staffing. The January enrollment report is used to generate lists of pre-K, Grade 5, and Grade 8 students who will articulate to elementary, middle, and high schools the following year. This process enables central office special education staff members to identify the school where the student will most likely attend and add the student to that school's projected enrollment. This information is used to develop initial staffing allocations for individual schools beginning in mid-January. Based on historical trends, the current state of staffing, and student articulation information, preliminary staffing allocations are made in conjunction with the OSSWB area associate superintendents in early spring.

Reports from MOIEP are used to confirm services recommended for the coming year. Central office special education staff members review the MOIEP data system, visit schools, and consult with service providers, special education staff members, and OSSWB area associate superintendents and directors to ensure that the information is accurate before any adjustments to preliminary staffing allocations are made.

When a school requests additional staffing, the central office special education staff members consult with school staff members and OSSWB to ensure that current staff members are being effectively used to address students' services on IEPs. As appropriate, requests for additional staffing are sent to central services special education leadership. When necessary, recommendations for staffing changes may be submitted and are reviewed by OSSWB, DSES, and DBFIS with the OSE associate superintendent.

Every effort is made to allocate staffing to meet anticipated needs for the upcoming school year. In addition, staffing issues arise throughout the year due to many factors, including student mobility, changing needs, change of placement, and individual class makeup. A due process hearing decision could result in additional support being required. There were no permanent building staffing changes from due process hearing decisions in FY 2023. If concerns arise, staff members or parents/guardians may request additional staffing or for a staffing review. Principals submit requests for additional staffing through the defined process. The central office staff member assigned to the service or cluster completes a staffing request form in collaboration with the school administrator. In FY 2024, 37 schools requested additional permanent staffing. To determine the appropriate recommendations, all requests are reviewed by the special education staffing review team which is composed of DSES and DBFIS directors and central office special education staff members.

The Office of Human Resources and Development (OHRD) uses vacancy reports to monitor staffing needs and continuously works to hire qualified staff members. Despite efforts to ensure that all positions are filled, vacancies do occur due to an emergency, medical leave, child-care leave, or a lack of qualified personnel. In most cases, staff members have enough advanced time to plan for coverage using substitute personnel, temporary part-time staff members, contract providers, or redistribution of existing staff members. Parents/guardians are notified by letter if such a vacancy causes a temporary lapse in the delivery of special education services. If missed services cannot be made up, an IEP team considers whether compensatory services are required for individual students that have been impacted by the vacancy of a teacher or service provider. Staffing shortages are being addressed through recruitment fairs, contractor candidates in collaboration with OHRD to identify paid teacher certification partnerships for provisionally certified teachers.

## Maintenance of Effort

Each year, to receive IDEA funding, MCPS must submit forms to demonstrate MOE eligibility. MOE eligibility is achieved when budgeted expenditures for the upcoming FY (column E) equal or exceed the actual expenditures of the preceding FY for which actual expenditures are available (column C). The MOE compliance is achieved when the actual total expenditures for the grant year (column C) equal or exceed the actual expenditures of the preceding year (column B).

The following table shows the MOE for special education from FY 2022 to FY 2025, including transportation and fixed charges.

| LFI | LFI services are designed for students with complex learning and cognitive needs, including mild to moderate intellectual disabilities. Services support the implementation of Alternate Learning Outcomes (ALO) aligned with the curriculum. Students are provided with many opportunities for interaction with general education peers, including inclusion in general education classes as appropriate, peer tutoring, and extracurricular activities. They learn to apply academic concepts in the context of the general school environment and in community settings. | HSM | Elementary HSM supports students in Grades K-5 with a disability that impacts academic achievement in one or more content areas, organization, and/or behavior. Students served by this model are assigned to age-appropriate heterogeneous classes in their neighborhood schools. Student access to the general education curriculum during the course of the day is based on individual student needs and encompasses a variety of instructional models that may include instruction in a general education environment and/or a self-contained setting. | All elementary schools | LAD/Resource services staffed on an hours-based staffing model |  |
| Carl Sandburg LC | Carl Sandburg LC is a Grades K-5 special education school that serves students with multiple disabilities, including intellectual disabilities, ASD, language disabilities, and other learning disabilities. Services are designed for elementary students who need a highly structured setting, small student-to-teacher ratio, and access to the MCPS general education curriculum or ALOs aligned with the curriculum. Modification of curriculum materials and instructional strategies, based on student needs, is the basis of all instruction. Emphasis is placed on the development of language, academic, and social skills provided through a trans-disciplinary model of service delivery in which all staff members implement the recommendations of related service providers. Special emphasis is placed on meeting the sensory and motor needs of students in their classroom setting. To address behavioral goals, services may include a behavioral management system and psychological consultation. | Separate special education day school colocated with Maryvale Elementary School | 1 Tchr:TS | 1.750 |

| SCB | SCB services are designed for students with severe or profound intellectual disabilities and/or multiple disabilities. Students typically have significant needs in the areas of communication, personal management, behavioral management, and socialization. These services emphasize individualized instruction, utilizing ALOs aligned with the curriculum in comprehensive schools and related community and work environments. The SCB model includes the following components: ageappropriate classes, heterogeneous groupings, peer interactions, individualized instruction, community instruction, and transition. These services are available in all clusters. The goal of SCB services is to prepare students to transition to post-secondary opportunities upon graduation with a certificate from MCPS. | Designated elementary, middle, and high schools all clusters | 1 Tchr:TS | 1.500 |
| Rock Terrace School | Rock Terrace School is comprised of a middle school, a high school, and an upper school which together implement school-to-work training. The instructional focus of the middle school is the implementation of ALOs aligned with the curriculum to prepare the students for transition to the high school services. The high school emphasizes ALOs aligned with the curriculum and community-based instruction activities that enable students to demonstrate skills that lead to full participation in the school-to-work plan and pre-employment training experiences. Authentic jobs help in reinforcing classroom learning. The upper school prepares students for postsecondary experiences and career and community readiness. | Separate special education day school colocated with Tilden Middle School | 1 Tchr:TS | 1.000 |

An interdisciplinary treatment team, consisting of school, clinical, residential, and related service providers develops the student's total educational plan and monitors progress. Consulting psychiatrists, a full-time pediatrician, and a school community health nurse also are on staff. RICA offers fully accredited special education services which emphasize rigorous academic and pre-employment training/occupational opportunities; day and residential treatment; and individual, group, and family therapy. InterACT focuses on the use of augmentative communication and assistive technology devices to increase and expand students' communication skills. InterACT also addresses the provision of adapted technology for students with physical disabilities to access curricular materials. Services are provided in the natural environment for children birth through 3 years old, or in the elementary, middle, or high school classroom setting for students pre-K through age 21. | Services available throughout the county | SLP-1/68 services <br> Tchr-1/135 services <br> OT-1/338 services <br> PT-1/680 services | 0.875/472 services |
| Special Education Preschool (Pre-K) Education Services | Special Education Preschool provides a continuum of pre-K services and classes for children with disabilities ages 3 to K. Preschool education serves children with delays in multiple developmental domains that affect the child's ability to learn and access the pre-K curriculum. Services range from itinerant services for children in community based childcare settings and preschools to home-based services for medically fragile children. Two early childhood centers and selected pre-K general education classrooms include students with disabilities in the regular education setting. Pre-K PILOT provides an inclusive early childhood setting for students with mild to moderate delays; Pre-K collaboration classes offer inclusive opportunities for students utilizing a co-teaching model. Special education classes are provided for children who need a specialized comprehensive approach to learning. Pre-K Classic and Pre-K Intensive Needs classes serve children with developmental delays in a special education setting. Preschool full-day classes serve students with moderate-tosevere delays and/or multiple disabilities. Classes are offered at selected elementary | Pre-K 2.5-Hour: <br> Classic, PILOT, and Collaboration classes (half-day) | $\begin{gathered} 1.0 \mathrm{Tchr} / \mathrm{TS} \\ 0.3 \mathrm{SP} \end{gathered}$ | 0.875/TS |

FY 2023-2025 Special Education Improvement and Priorities Based on Staff and Community Member Input

| FY 2023 Recommendations for Maintenance * | FY 2024 Recommendations for Maintenance * | FY 2025 Recommendations for Maintenance * |
| :---: | :---: | :---: |
| Description in Priority Order | Description in Priority Order | Description in Priority Order |
| Maintain the ongoing training for special education staff members on tiered interventions. Expand training to additional general education staff members who can address early intervention for students using a tiered approach. | Continue tiered interventions in reading and math. Provide ongoing PD for professional and supporting services staff members. | Allocate additional permanent positions for critical staffing support (paraeducators) and special education staff rather than temporary part-time (TPT) positions. |
| Maintain the current staffing allocations and structures that provide MCPS services for students with social emotional and behavioral needs in order to provide a multidisciplinary team approach to meet students' needs. Continue to expand these supports to students through the addition of social worker and psychologist positions. | Increase the number of general education teachers, SETs and paraeducators who are knowledgeable about teaching students with autism. Provide PD to general education teachers, substitutes, and paraeducators who work with students with autism. Provide special education training for staff members who cover unstructured time (lunchtime/recess) and extracurricular activities. | Increase training for general education and special education teachers, administrators, and support staff on evidence-based inclusion practices. Increase co-taught classes and inclusion classes to provide additional learning opportunities for all students. |
| Expand inclusion opportunities for students receiving discrete services. Consider reviewing and expanding HSM support at schools that host discrete services (could be paraeducator support). | Create inclusion specialist positions at all schools who will provide coaching for elementary and middle school articulation/transition teams. This will support the discussion of LRE and increase the number of students attending their home schools rather than a more restrictive environment in discrete self-contained classrooms. | Increase full-day opportunities for pre-K students with disabilities, particularly in general education settings so that they have increased opportunities for appropriate, rigorous instruction. |
| Continue de-escalation training and create additional training opportunities with the focus on initiating de-escalation strategies as a proactive approach prior to student dysregulation. | Provide funding for PL for teachers in deescalation techniques which have been shown to significantly reduce suspension of students with disabilities in schools where it has been used. | Provide additional training for general education teachers in best practices for teaching students who have IEPs in inclusion settings. |

## Glossary of MCPS Operating Budget Terms

Agency-One of the major organizational components of government in Montgomery County, such as Montgomery County Public Schools (MCPS); Montgomery County Government (executive departments, legislative offices and boards, the Circuit Court and judicial offices); Montgomery College (MC); Maryland National Capital Park and Planning Commission (MNCPPC); Washington Suburban Sanitary Commission (WSSC); Housing Opportunities Commission (HOC); and Montgomery County Revenue Authority.

#### Abstract

Allocation-The process by which staffing and other resources are given to schools on the basis of factors such as enrollment, the types of programs to be implemented, and other school-specific needs.

Appropriation-Authority to spend money within a specified dollar limit for an approved work program during a fiscal year (FY). Unless explicitly renewed, appropriation authorizations expire at the end of the fiscal year.

Authorized Position-A position that has been approved for hiring in the approved budget or subsequently revised budget.

Budget Staffing Guidelines-Guidance approved by the Board of Education (BOE) that is used to budget and allocate personnel positions in regular and special education; for example, counselors are allocated to middle schools on the basis of projected enrollment.

Business HUB—A cloud-based system for managing MCPS financial business functions. A replacement of the Financial Management System.

Capital Improvements Program (CIP)—The comprehensive presentation of capital project expenditure estimates; funding requirements; capital budget requests; and program data for the construction and modernization of all schools and for other capital projects that address facility issues. The CIP, which covers a six-year period, is both a fiscal plan for proposed project expenditures as well as an annual capital budget for appropriations to fund project activity during the first fiscal year of the plan. The CIP is updated every two years.

## Career Readiness Education Academy (CREA)—CREA

is a career based readiness education program for older English Language Learners (ELLs) in MCPS who are not on track to meet the graduation requirements before turning 21 as a result of limited or interrupted formal education. Student who study in the CREA program are students who would otherwise drop out of school in order to work to support themselves and/or their families. This is an evening program that allows students to learn English language skills, basic work skills and industry certifications. The program also, familiarizes student with the components of the General Education Diploma (GED) subject areas and provides practice tests should they decide to take the GED test in the future.

Category-(Also known as State Category)—State law requires all county school districts to appropriate and record expenditures for education in accordance with standardized state budget categories. These categories are generally based on broad functional classifications, such as administration, instructional costs, special education, and student transportation. Current categories have been in use since 1998.

Code of Maryland Regulations (COMAR)—The official compilation of all administrative regulations issued by agencies of the state of Maryland.

Common Core State Standards (CCSS)—The Common Core State Standards Initiative is a state-led effort coordinated by the National Governors Association Center for Best Practices (NGA Center) and the Council of Chief State School Officers (CCSSO). Developed in collaboration with teachers, school administrators, and experts, the CCSS provide a clear and consistent framework to prepare students for college and the workforce.

Compensation-Payment made to employees in return for services performed. Total compensation includes salaries, wages, employee benefits (Social Security, employer-paid insurance premiums, disability coverage, and retirement contributions), and other forms of remuneration that have a stated value.

Community Schools-A Community School is one that the students and families are connected to community resources and reinvestment through resources and staffing models. Community Schools provide a wealth of resources to meet the needs of students and families including health and social services, and community engagement and development to better student outcomes and strengthen community engagement.

Consumer Price Index—Urban (CPI-U)—A commonly accepted indicator of inflation as it applies to consumer goods, including the supplies, materials, and services required by MCPS. That rate of inflation is computed using the average of the indices in one fiscal year compared to the average of the indices in the prior fiscal year. For budget purposes, inflation is measured on a fiscal year (FY) basis using the CPI-U for the Washington-Baltimore Metropolitan area. For purposes of Charter limitation of property tax, the November to November CPI-U of the preceding year is used.

Continuing Salary Costs—The incremental salary cost associated with the movement of current MCPS employees along the applicable salary schedule, including changes for longevity (years of service).

Continuous Improvement—An ongoing MCPS effort aimed at improving the organizational culture by improving teaching and management processes and creating ownership and shared responsibility among all employees and stakeholders.

## Glossary of MCPS Operating Budget Terms

Cost Per Student—A figure that is calculated using the total operating budget amount (excluding summer school, community services, tuition for students with disabilities in private placement, and revolving management accounts) divided by the number of students in Grades K-12.

Depreciation-The expiration of the useful life of a fixed asset over a determined period of time attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence. Also, the portion of the cost of a fixed asset charged as an expense during a particular period.

Elementary and Secondary School Emergency Relief (ESSER) Fund-Funds provided to state education agencies and school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the nation's students.

Employee Benefits—For budgeting purposes, payments made by MCPS for the employer portion of Social Security taxes, retirement contributions, group health insurance, and life insurance.

Enrollment-The number of students in Grades K-12 attending MCPS. The official enrollment count is based upon the number of students recorded on September 30 of each year.

Enterprise Fund-A fund used to record the fiscal transactions of MCPS activities that are financed and operated in a manner similar to private enterprise, with the intent that the costs of providing goods and services, including financing, are wholly recovered through charges to consumers, users, or other non-tax revenue.

Every Student Succeeds Act (ESSA)—On December 10, 2015, Every Student Succeeds Act (ESSA) was signed into law, and it replaced the No Child Left Behind Act of 2002. The act requires state accountability systems to address academic achievement, academic progress, graduation rates, EnglishLanguage proficiency, and school quality. The U.S. Department of Education approved Maryland's ESSA plan in January 2018. This act was a major expansion of federal authority over state and local educational programs.

Expenditure-A decrease in the net financial resources of MCPS generally due to the purchase of goods and services or the payment of salaries and benefits.

Expenditure Restrictions-A limitation placed on spending budgeted funds that may occur in any given year as a result of a difficult fiscal climate. The specific restrictions and a process for implementation are specified in a memorandum from the chief operating officer. The restrictions may include a freeze on filling vacant positions and other expenditures.

Fiscal Year (FY)—The 12-month period to which the annual operating and capital budgets and their appropriations apply. The fiscal year for MCPS starts on July 1 and ends on June 30. The number of the fiscal year refers to the year in which the fiscal year ends; for example, Fiscal Year 2025 begins on July 1, 2024 and ends on June 30, 2025.

Fixed Charges-Charges of a generally recurrent nature that are not allocable to individual expenditure categories. Included are contributions to employee retirement and insurance, social security, interest on current loans, fidelity and personal liability insurance, and personnel tuition reimbursements.

## Free and Reduced-Price Meals (FARMS) System-

Students may qualify for FARMS services on the basis of their family's income or receipt of Food Supplement Program or Temporary Cash Assistance (TCA) benefits.

Full-Time Equivalent (FTE)—A way of describing a position according to the percentage of time the employee is authorized to work. In this system, a full-time permanent employee is a 1.0 FTE. The positions of employees who are authorized to work less than full-time are expressed as fractions of 1.0 FTE; for example, a .5 FTE is authorized to work for 20 hours per week in a job that full-time employees perform for 40 hours per week.

Fund-A sum of money or other resources that are used for a specific objective. MCPS uses the following funds-general, capital projects, supported projects, food services, instructional TV, real estate management, field trip, entrepreneurial, and warehouse.

General Wage Adjustment (GWA)—A change in wages made according to a formula that reflects changes in the cost of living.

Grade-An assigned level on a salary schedule that denotes the level of skills, education, and responsibility of a position.

Grant-Funding or resources given by an outside entity to achieve a specific objective or public purpose. MCPS receives grants from government programs, corporate charities, and private philanthropic organizations. Grants are awarded for well-defined purposes and must be spent only for those purposes. MCPS accounts for grant expenditures through supported projects.
Human Capital Management-A function of the MCPS Business HUB, providing a cloud-based system for managing MCPS human resources functions, including benefits, payroll, staffing, and recruitment. A replacement of the Lawson Human Resource Information System.

## Individuals with Disabilities Education Act (IDEA)—A

federal law regulating how states and public agencies provide early intervention, special education, and related services to children with disabilities. The law mandates a free and appropriate education for students with disabilities in the Least Restrictive Environment (LRE) that meets the student's needs.

Individualized Education Program (IEP)—A written statement indicating the primary special education placement and related services a student with disabilities will receive. The IEP is developed mutually by the child's parents and a team of MCPS specialists.

#### Abstract

Interagency Coordinating Board for Community Use of Public Facilities (ICB/CUPF)-The office within Montgomery County Government whose mission is to maximize the community's use of schools and other public facilities and to identify and facilitate activities and programs that respond to the community's needs without disrupting the instructional program of MCPS.

Lapse-The amount of unused budgeted salary that remains when an employee terminates service and is not immediately replaced.

Lease-Purchase Agreement-A contractual agreement that is a financing mechanism with payments made over time. The mechanism is typically used to acquire equipment.

Least Restrictive Environment (LRE)—An educational setting that complies with the mandate of the IDEA to the maximum extent appropriate. Students with disabilities are educated with students who do not have disabilities and only removed from general education classrooms when the nature of their disability prevents their learning with the use of supplementary aids and services.

Level of Service-The existing or current services, programs, and facilities provided by MCPS to students. The level of service may increase, decrease, or remain the same depending upon needs, alternatives, and available resources.

Maintenance of Effort (MOE)—A Maryland state law that requires local governments to provide a definite level of local effort to fund public education from year to year. Local funding is to remain at least the same on a per-student basis. The law ensures that additional state aid will not supplant local revenues.

Master Plan-A MCPS multiyear plan that describes the goals, objectives, and strategies that will be used to improve student achievement and meet state and local performance standards for all students. The master plan also describes specifically how to improve student achievement for students in special education, with limited English proficiency, in prekindergarten and kindergarten, gifted and talented, and in career and technology courses. The master plan includes the MCPS strategic plan. By law, the master plan must be submitted to the state of Maryland every five years.

## Maryland Comprehensive Assessment Program

(MCAP)—The annual statewide assessments administered to all students in English, Mathematics, and science in grades 3-8 and once in high school. These assessments measure student progress towards proficiency in the Maryland state content standard. Full implementation of the MCAP began in FY22.

Maryland High School Assessments (MHSA)—Tests used to determine a Maryland public school student's mastery of Maryland Content Standards in algebra, English, government, and biology.

Maximum Class Size Guidelines—Guidelines that represent the standard to which MCPS strives in placing the number of children in one classroom.

MCAAP—The Montgomery County Association of Administrators and Principals (MCAAP) is the bargaining unit that represents principal trainees, administrative interns, and all administrative and supervisory positions on the M to Q salary schedule, including 11-month assistant school administrators.

MCBOA—The Montgomery County Business and Operations Administrators (MCBOA), represented by MCAAP, includes all noncertified supervisory employees who provide direction to other employees, exercise independent judgment, are responsible for the evaluation of at least two other employees, and do not report to members of the SEIU bargaining unit, except those excluded by the Board of Education as confidential employees and those who are represented by MCAAP.

MCEA -Montgomery County Education Association (MCEA), the employee organization representing teachers and other professional staff.

Measures of Academic Progress (MAP)—A computeradaptive test to measure individual student's progress over time. Reading and math tests are administered three times a year to support schools in using the data to assess student supports and interventions.

Mission-A statement that describes an organizational unit's purpose, reason for existing, and relationship to the MCPS strategic plan.
Negotiated Agreement-A legal contract between the BOE and a certified representative of a recognized bargaining unit for specific terms and conditions of employment, e.g., hours, working conditions, salaries, or employee benefits.

Non-budgeted grants—Grants that MCPS receives for designated purposes that are not expected to be funded on an ongoing basis or at predictable levels. In many cases, MCPS must compete with other school districts and entities for these grants.

Non-Recommended Reductions-A list of expenditure reductions that address the difference between the County Council's recommended affordability allocation and the BOE's requested amount. The options cannot be recommended because the Board believes the cuts would harm the schools.
Object of Expenditure-A numeric indicator that identifies the form of an expenditure, such as salaries (01), contractual (02), supplies and materials (03), other (04), and equipment (05).

Operating Budget-A comprehensive plan by which the MCPS operating programs are funded for a single fiscal year. The operating budget includes descriptions of programs, appropriation authority, details of estimated expenditures and revenue sources, and personnel, as well as related program data information on the fiscal management of the school system.

## Glossary of MCPS Operating Budget Terms

Operating Budget Guide—A guide that is developed and published annually to explain the budgetary process for the upcoming budget development cycle and to promote a clear understanding of budget preparation and submission requirements.

Operating Budget Orientation-Meetings held by the Department of Management, Budget, and Planning to review the Operating Budget Guide and provide clarification to MCPS units regarding budget preparation.

Other Salaries-Remuneration for temporary work performed on other than full-time bases. Other salaries include payments to substitute teachers, stipends, extracurricular activities, summer teaching, and support during peak or seasonal periods.

Per Student Allocations-The amount of funds budgeted for textbooks, instructional supplies, media center materials, and other school-based expenses divided by the number of students in schools.

Performance Measurement-The description of how key objectives will be measured to attain the goals of the MCPS strategic plan.

Personnel Complement—A chart published in the budget that displays budgeted positions by unit. The chart provides position titles, total number of FTEs, grade, and whether the position works year round or is school-calendar based.

Personnel Costs-Expenditures for salaries, wages, and benefits payable to MCPS employees.

Positions-Identified permanent jobs into which persons may be hired on either a full-time or part-time basis.

Program-A primary service, function, or set of activities that addresses a specific responsibility or goal within a mission. A program encompasses all associated activities directed toward the attainment of established objectives. A program will have measurable outcomes and clearly defined attainable objectives that may be short-term or long-term in nature.

Program Budget-A published document that displays the allocation of budgeted expenditures by specific MCPS programs. The Program Budget corresponds to the publications of the Superintendent's Recommended Operating Budget and the Operating Budget Summary.

Projected Enrollment—Projections of future enrollment that are commonly prepared by state departments of education or by district personnel and are based on past and current enrollment trends.

Ratio Positions-Positions established by applying each school's student enrollment to Board-approved staffing standards.

Realignment-The process by which resources are moved from one part of the budget to another part to meet managerial and operational needs with no net change in the total budget.

Reorganization-A change in the organizational structure within or between MCPS units.

Resource Page-Charts published in the operating budget document that display the budget for a unit or group of units.

Restorative Justice—Restorative Justice is a mindset and philosophy toward school climate and relationship building. It is a social justice platform that allows students to actively engage and problem solve physical, psychological, social and disciplinary issues that affect their lives and the community at large; and take responsibility for their actions and work with those affected to restore the community and members who were harmed as a result of those actions.

Revenue-All funds MCPS receives annually for the Operating Budget from federal, state, and county sources, enterprise funds, fees, and other sources.
Salaries and Wages-An object of expenditure for monetary compensation to employees in the form of annual or hourly rates of pay.

Salary Schedule-A listing of minimum and maximum salaries for each grade level in a classification plan for authorized positions.

SEIU—Service Employees International Union (SEIU), the employee organization that represents supporting services employees.

Special Education Staffing Plan-An annual plan required by the state of Maryland for each local district that describes the needs of special education students and how these needs will be met.

Spending Affordability Guideline (SAG)—An approach to budgeting that assigns expenditure ceilings for the forthcoming budget year on the basis of expected revenues and other factors. Under the County Charter (Section 305), the County Council is required to establish spending affordability guidelines for both the capital and operating budgets.

Staffing Ratios—Per-student standards used to budget for teachers, administrators, and other instructional and support staff at schools.

Step-A salary increment awarded annually to an employee for satisfactory performance until the employee reaches the top pay step of the pay grade to which the position is assigned.
Strategic Plan-A plan adopted by the Board of Education that focuses on the major academic priorities of the school system. It includes major goals, objectives, performance measures, and instructional strategies. The Operating Budget is aligned with the strategic plan.

## Glossary of MCPS Operating Budget Terms

Strategy—The principal ways in which MCPS staff direct their efforts in pursuit of the school system's and unit's mission and goals. Strategies are clear and uncomplicated methods for attaining goals and key results.

Supplemental Appropriation-An appropriation of funds above amounts originally designated, to authorize expenditures not anticipated in the adopted budget. A supplemental appropriation is required to enable expenditure of reserves or additional revenues received by MCPS through grants or other sources.

Tax Supported-A program supported in whole or part by tax revenues and included in spending affordability guidelines.

The Blueprint for Maryland's Future-The Blueprint for Maryland's Future is Maryland State Legislation that provides funding to LEAs to transform Maryland's early childhood, primary, and secondary education system to the levels of the highest-performing systems. The implementation is guided by the following five pillars: Early Childhood Education; High Quality and Diverse Teachers and Leaders; College and Career Readiness; More Resources for Students to be Successful; and Governance and Accountability.

Turnover-The accumulation of unused budgeted funds that results from replacing former employees by lower-paid staff.

## World-Class Instructional Design and Assessment

(WIDA)-A consortium of states dedicated to the design and implementation of high standards and equitable educational opportunities for English language learners. The statemandated test for English language proficiency assessmentWIDA ACCESS for ELLs 2.0 monitors English learners' test scores and establishes processes to ensure that students' identification, placement, and exit are accurate.

Zero-based Budgeting-A method of budgeting in which all line items are presumed to have $\$ 0$ funds and any amount budgeted for them is based on justified need. This method is in contrast to incremental budgeting that either adds or subtracts amounts or increments from the amount budgeted in the current year.

## MCPS NONDISCRIMINATION STATEMENT

Montgomery County Public Schools (MCPS) prohibits illegal discrimination based on race, ethnicity, color, ancestry, national origin, nationality, religion, immigration status, sex, gender, gender identity, gender expression, sexual orientation, family structure/parental status, marital status, age, ability (cognitive, social/emotional, and physical), poverty and socioeconomic status, language, or other legally or constitutionally protected attributes or affiliations. Discrimination undermines our community's long-standing efforts to create, foster, and promote equity, inclusion, and acceptance for all. The Board prohibits the use of language and/or the display of images and symbols that promote hate and can be reasonably expected to cause substantial disruption to school or district operations or activities. For more information, please review Montgomery County Board of Education Policy ACA, Nondiscrimination, Equity, and Cultural Proficiency. This Policy affirms the Board's belief that each and every student matters, and in particular, that educational outcomes should never be predictable by any individual's actual or perceived personal characteristics. The Policy also recognizes that equity requires proactive steps to identify and redress implicit biases, practices that have an unjustified disparate impact, and structural and institutional barriers that impede equality of educational or employment opportunities. MCPS also provides equal access to the Boy/Girl Scouts and other designated youth groups.*
It is the policy of the state of Maryland that all public and publicly funded schools and school programs operate in compliance with:
(1) Title VI of the federal Civil Rights Act of 1964; and
(2) Title 26 , Subtitle 7 of the Education Article of the Maryland Code, which states that public and publicly funded schools and programs may not
(a) discriminate against a current student, a prospective student, or the parent or guardian of a current or prospective student on the basis of race, ethnicity, color, religion, sex, age, national origin, marital status, sexual orientation, gender identity, or disability;
(b) refuse enrollment of a prospective student, expel a current student, or withhold privileges from a current student, a prospective student, or the parent or guardian of a current or prospective student because of an individual's race, ethnicity, color, religion, sex, age, national origin, marital status, sexual orientation, gender identity, or disability; or
(c) discipline, invoke a penalty against, or take any other retaliatory action against a student or parent or guardian of a student who files a complaint alleging that the program or school discriminated against the student, regardless of the outcome of the complaint.**
