Do you have senior status?

If you will complete or have completed at least 25 years of public or approved non-public professional school service, or if you are or will be at least 55 years of age any time within the validity dates of this certificate, you may qualify for senior status. Acceptance of senior status is determined by your employer and remains in effect only while you are employed by a local Maryland school system, nonpublic facility, or state institution that recognizes and accepts this allowance. Once you terminate your employment, the senior status no longer applies and you must complete the appropriate requirements.
