

MAY NEWSLETTER

BENCHMARK READING AND WRITING

We will start the month finishing up Unit 7 where we learned about primary sources and will begin Unit 8 where students read and compare Earth changes.

EUREKA MATH

We have just begun module 7! The first week of May we are focusing on identifying coins and their values before we begin measuring with inches and creating line plots.

REALLY GREAT READING

We are going to complete units 28-31 this month. These last couple of units will help prepare scholars for third grade!

IMPORTANT DATES

- 5/14 No School
- 5/17 Multicultural Parade 1:45-2:30
- 5/27 Memorial Day
- 5/30 Immersion Night

SOCIAL STUDIES

We are wrapping up our last social studies unit for the year! We will end the unit by having scholars create a timeline that represents their own lives.

SCIENCE

This science unit is all about plants! We begin by discussing what plants need to grow, identifying their parts, and then we watch them grow.
