MATH FOCUS

Math: This month, we will continue to work within Module 1 and begin on Module 2 of the Eureka curriculum. Second graders will work on fluently adding one-digit to two-digit numbers at least through 100 using place value understanding, properties of operations, and the relationship between addition and subtraction.

READING & WRITING

This year we will be starting a new reading curriculum called Core Knowledge Language Arts (CKLA). For the first few weeks in the skills unit, we will be reviewing skills that they have learned in 1st grade and working on blending and segmenting words. During our Knowledge section of reading, the students will be learning about fairy tales, tall tales and the lessons that they teach. Writing will take place during our Knowledge Block and will be based around those stories.

SOCIAL STUDIES

The first four weeks of instruction will be focused on explaining how rules and laws are made and are necessary to maintain order and protect citizens. We will also explain how democratic skills and attitudes are associated with being a responsible citizen.
