October Edition

Happy Autumn!

Some of What We're Learning...

ELA	Math	Social Studies	Science
characteristics of living things, and how scientists classify living things based on these characteristics, suffixes/prefixes, nouns, verbs, adjectives, subjects, predicates, fragments, run-on sentences, difference between abstract and concrete nouns	multiplication and division and solving problems with units of 2-5 and 10 Coming soon: place value and problem solving with units of measure	explore how we learn about the past, why it is important to learn from multiple perspectives and sources, and how individuals (past and present) have contributed to society	phenomena of forces

Coming Up

No school for students: Friday, October 18, 2024

HALLOWEEN AND HARVEST FESTIVAL

We will be celebrating Halloween on Thursday, October 31st at school with an outdoor parade and in-classroom parties beginning at 2:00 and ending at 3:30 pm. Should a family wish for their child not to participate in the Halloween parade and party due to religious or cultural beliefs, they may opt out. Students opting out will attend a Harvest Festival, which will include fall-themed activities and games in the all purpose room. Please let me know if you are interested in opting your child out of the Halloween activities.

One More Thing...

- Please check your child's homework folder each evening, clear it of items that need to stay at home and return it the next day.
- Please review your child's agenda book and sign next to his/her color.
- Please help your child to make/use flashcards to practice multiplication facts. We will begin by practicing the 3 and 4 multiplication facts. Please encourage your child to practice facts each evening.
- Please feel free to contact me with any questions you may have. My email address is: ayanna_k_heard@mcpsmd.org.
- Thank you so much for all of your support.
