## Coordinator Clements's Comments

We made it through AP Exams! I was lucky enough to proctor 3 AP exams this year. Lucky sounds like a strange way to describe that, but I know how hard you all work throughout the entire year. I enjoy seeing you put all that hard work to use and reap the benefits of your studies!

The biggest APPS news for the end of the year is a meeting for the Juniors on June 4th to discuss Showcase expectations for next year. Juniors, you should get a pass on Tuesday from your 4th period teacher.

I am starting to plan guest speakers and field trips for next year. I am hoping to take the freshman to The Capitol in October, the sophomores to Planet Word in February, and the juniors to the Baltimore Museum of Industry in January. If you have ideas for field trips or guest speakers please let me know!

I hope everyone has a fun filled summer planned. Remember, learning doesn't ever stop. Make sure you have some adventures, read some books, and get outside!

## APPS Student Spotlight

Julian Zelaya is a freshman who is dedicated to helping out his community. He is sponsoring a diaper drive at Clarksburg High School with the goal of collecting 1,000 diapers to donate to the Upcounty Hub, an organization that provides necessities to families in need.

Julian says, "Did you know diapers cost families about \$100 a month, or \$1,200 or more per year. The high cost of diapers is an often-invisible part of poverty for low-income families in Montgomery County."

The diaper Collection box is located in the office 207A.

**1ST ANNUAL DIAPER DRIVE**

Supporting the Upcounty Hub, *One Change at a time!*  
Donate new or unopened packs of baby diapers of all sizes.

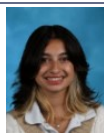

**GOAL: 1,000 Diapers!**
