COLLEGE COURSE OFFERINGS
DUAL ENROLLMENT AT MONTGOMERY COLLEGE

Dual Enrollment is available to advanced high school students admitted to Montgomery College (MC). Select students are enrolled in college courses while still attending high school, providing an educational experience beyond what is available at the secondary level. High school juniors and seniors who meet the College's Dual Enrollment (DE) standards may enhance their schedule with college course work and experience the independence of college-level study while also earning college credit.

Dual Enrollment at MC enables high school students to; register and attend a Montgomery College course(s) on campus, online or at their high school site; engage with outstanding college professors and their peers in a collegiate classroom setting; graduate from high school with earned college credit; potentially save money on college tuition; accelerate college completion; and gain additional skills and confidence needed to succeed in college

Students may enroll in a variety of courses at the college, provided they meet the Dual Enrollment standards. The credits earned may be applied to a degree program at Montgomery College or may potentially be transferred to another institution.

COURSE TITLE	GR	SEM	CODE	PREREQUISITE/COREQUISITE
Accounting	11-12		0452	*MC Application/Accuplacer*
